Approved by AICTE-New Delhi. Affiliated to Acharya Nagarjuna University

List of Certificate/ Add-on Programs

Academic Year: 2019-2020

SNO	Name of the Program	Duration of Course	No. of Participants
1	A Two Week Program on Microsoft Azure	01.07.2019 TO 18.07.2019	213
2	A Two Week Program on Semiconductor device modeling and simulation	22.07.2019 TO 03.08.2019	168
3	A Two Week Program on Android web Application	02.12.2019 TO 17.12.2019	14
4	A Two Week Program on Research methodology	10.02.2020 TO 24.02.2020	94
5	A Two Week Program on Natural Language Processing	02.03.2020 TO 19.03.2020	111

CIRCULAR

This is hereby to inform all the **II/IV and III/IV B. Tech CSE students**, that the CSE department is organizing a two-week Certification course on "Microsoft Azure" by **Mrs. Md. Jareena Begum**, Assistant Professor of CSE from 01.07.2019 to 18.07.2019. So all the students are hereby informed to give the names on or before 25.06.2019 and utilize this opportunity by attending the classes.

Venue: New Block Conference Hall.

Co-ordinator: **Ms. Sk. Shahina**, Assistant Professor, Dept. of CSE.

About the Institution :

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The College is located in Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. programmes in 3 faculties of Engineering- Computer Science & Engineering, Electronics & Communication Engineering and Electrical & Electronics Engineering.

About the Department :

The Department of Computer Science and Engineering was established in the year 2009. The department consists of staff and students committed to excellence and success. The department gives exposure to its students not only the regular engineering curriculum but also aspirations of today's corporate world, by inculcating a professional attitude in them.

Since 2009, the department is consistently striving hard to offer a high quality, state-of-the-art education in computer science and engineering at an affordable cost. The department conducts various workshops on Bigdata, Cloud computing, Mobile App development, Advanced Java, Networking, Web Technologies and current trends. We as a team strive hard to take the department to height of success, glory and to achieve our vision.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Vision:

To be recognized as an exemplary leader committed to Excellence in education, research and innovation that meet the needs of the global community in computer science and engineering for women who are psychologically strong and have great ethical values.

Mission:

To produce globally competent graduates who have Adequate skills, highest ethical standards, social responsibility and values with a sense of professionalism.

To be dynamic, innovative and flexible in devising academic programs, structures and mechanisms.

To foster leadership qualities and professional behavior skills to enhance the performance of the graduates.

A TWO WEEK ADD-ON CERTIFICATE PROGRAMME

ON

"Microsoft Azure"

JULY 1ST

TO

JULY 18TH, 2019

ORGANIZED BY
DEPARTMENT OF CSE

BAPATLA WOMEN'S ENGINEERING COLLEGE , BAPATLA

(Approved by AICTE- New Delhi, Affiliated to
Acharya Nagarjuna University)

About the Certificate Program:

Microsoft Azure is a cloud computing platform. Azure manages and maintains hardware, infrastructure, and resources in data centers. Azure services include Infrastructure as a Service (IaaS), Platform as a Service (PaaS), Software as a Service (SaaS), and serverless. These cloud services can be used for things like storage, networking, compute, and analytics.

Microsoft Azure lets businesses and individuals create, run, and manage applications and solve various technical challenges with flexibility across various clouds and on-premises data centers.

The training programme would help to provide:

TOPICS COVERED:

Contents of the course would touch upon the following aspects, to achieve the objectives:

- Introduction to Cloud Computing.
- Overview of Microsoft Azure.
- Azure Services.
- Azure Resource Management.
- Identity, Security, and Compliance.
- Azure Pricing and Support.

Address For Communication:

Ms. Sk. Shahina,
Coordinator, CSE, Assistant Professor

Objectives:

- Define cloud computing and understand its key concepts.
- Differentiate between on-premises, hybrid, and cloud solutions.
- Introduce Azure services and solutions.
- Understand the Azure global infrastructure.
- Explore core Azure services such as compute, storage, and networking.
- Understand the purpose and use cases of each service.
- Learn how to deploy and manage Azure resources.
- Understand Azure Resource Manager (ARM) templates.
- Explore Azure Active Directory (AAD) and identity services.
- Understand security features and compliance in Azure.
- Understand Azure pricing models and factors.
- Explore Azure support options.

Learning Outcomes:

- Describe cloud computing concepts and advantages.
- Understand the core services and features offered by Microsoft Azure.
- Deploy and manage Azure resources using the Azure Portal and ARM templates.
- Implement basic identity and access management using Azure Active Directory.
- Demonstrate an understanding of Azure security and compliance features.
- Estimate and manage costs associated with Azure services.
- Utilize Azure support options effectively.

This Program is very useful to students and their feedback about the program is good. The management and Principal of BWEC appreciated the Resource Pearson and Participants for making the program successful.

Number of Students Attended: 213

Venue: New Block Conference Hall, BAPATLA WOMEN'S ENGINEERING COLLEGE

BAPATLA WOMEN'S ENGINEERING COLLEGE, Bapatla Organized A Two Week Certificate Program on "Microsoft Azure" for B.Tech Students by the Resource Person **Mrs. Md. Jareena Begum**, The Azure platform is used for cloud services designed to help you bring new solutions to Build, run, and manage applications across multiple clouds. Totally **213** Students are participated in this training Program and their completion of the program they were able to understand the following Objectives and learning outcomes.

CIRCULAR

This is hereby inform all the II/IV & III/IV B.Tech students , that the ECE department is organizing two week certificate course on "SEMICONDUCTOR DEVICE MODELLING AND SIMULATION" by Ms. E.Sumalatha, Asst. Professor of ECE department from 22-07-2019 to 03-08-20 19 . So all the students are hereby informed to enroll the names on or before 16-07-2019 to program coordinator and utilize this opportunity by attending the course.

DATE:

22-07-2019 to 03-08-2019

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 disciplines of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering college has been established with forethought to organize the growing needs of higher technical education for women, in order to provide them a competitive edge and a unique niche in the society

We at BWEC are determined to create a conducive environment with updated technological inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge and skills required to make them globally competitive technocrats

MISSION:

Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas. We continuously try to maintain high standards so has to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT THE DEPARTMENT:

The ECE department was established in the year 2009 with 60 intakes, now it increases to 120. Department has highly qualified and experienced faculty members provide excellent instruction and supervision to the Students. Department has good state of art laboratories are equipped. It emphasizes teaching and research in the

areas of design, study, and testing of electronic equipment as well as technological concerns pertaining to computer systems, electronics, and other related industrial fields as well as telecommunications systems.

VISION:

To be recognized by the society at large as a full fledged department, offering quality higher education in the Electronics and Communication Engineering field with research focus catering to the needs of the public and staying in tune with the advancing technological revolution and challenging cultural changes.

MISSION:

- ❖ To provide Quality education in the field of Electronics and Communication Engineering through the learning of ethics to its students

- ❖ To create sound technocrats in professional engineering leading them towards growth and development promoting the academic research & development

- ❖ To showcase adaptability in fields of technical knowledge through the academic infrastructure based on state of the art along with industry based training

- ❖ Promote the establishment of centres of excellence in niche technology areas to nurture the spirit of innovation and creativity among faculty and students

- ❖ Enable students to develop skills to solve complex technological problems of current times and also provide a framework for promoting collaborative and multidisciplinary activities.

ABOUT THE COURSE:

This course is a foundation level course on semi conductor devices course consists of semiconductor properties ,devices ,governing equations along with their boundary conditions

TOPICS COVERED:

- ❖ Introduction to semi conductor devices
- ❖ PN junction diode under equilibrium
- ❖ BJT
- ❖ FET
- ❖ Drift Diffusion

COURSE OUTCOMES:

The student who successfully completes this course will be able to:

- ❖ Explain the equations, approximations and techniques available for deriving a model with specified properties, for a general device characteristic with known qualitative theory
- ❖ Apply suitable approximations and techniques to derive the model referred to above starting from drift-diffusion transport equations (assuming these equations hold)
- ❖ Offer clues to qualitative understanding of the physics of a new device and conversion of this understanding into equations
- ❖ Simulate characteristics of a simple device using MATLAB, SPICE and ATLAS / SYNOPSIS
- ❖ Explain how the equations get lengthy and parameters increase in number while developing a compact model
- ❖ List mathematical functions representing various non-linear shapes

On

“SEMICONDUCTOR DEVICE MODELLING AND SIMULATION”

DATE: 22-07-2019 to 03-08-2019

DAY WISE SCHEDULE

S.NO	DATE	TOPIC COVERED
1	22-07-2019	Introduction- Si-Based Nano electronics and Device Scaling
2	23-07-2019	Reciprocal Space, Doping, Band Structure
3	24-07-2019	Density of states, Electron Mobility, Semiconductor Statistics
4	25-07-2019	p-n junction under equilibrium
5	26-07-2019	BJT- I-V relation and gain, Ebers-Moll model
6	27-07-2019	Field Effect Transistors
7	29-07-2019	Semi classical Transport Theory
8	30-07-2019	Drift-Diffusion
9	31-07-2019	Hydrodynamic Modeling
10	01-07-2019	Carrier Balance, Energy balance and momentum balance Equations
11	02-07-2019	Quantum Transport models
12	03-07-2019	Examples through commercial device simulation tools

PROGRAM REPORT

Name of the program: A Two Week Certificate Program on “SEMICONDUCTOR DEVICE MODELLING AND SIMULATION”

Date: 22-07-2019 to 03-08-2019

Resource person: Ms. E.Sumalatha Asst. Professor of ECE department

Name of the program coordinator: G.Kalyani Asst. professor Dept. of ECE

Number of students Attended: 168

Venue: Conference Hall- New Block

Electronics and Communication Engineering Department of Bapatla Women's Engineering college, Bapatla organized A Two Week certificate program on “SEMICONDUCTOR DEVICE MODELLING AND SIMULATION” for B,Tech students by Resource person **Ms. E.Sumalatha** Asst. Prof of ECE department. Totally 168 students were participated in the certificate program.

Objectives of the program:

1. To enable students to understand the principles of semiconductor transport as applied to understanding of device operation from physical standpoint.
2. To enable students to perform analysis of device structures and behaviors using commercial modeling software.
3. To enable students to develop their own simulation software for modeling arbitrary device structures.
4. To enable students to compare their simulation results with available experimental data and improve the physics implemented.
5. To enable the students to predict the operation of novel device structures and, thus, help speed-up the design to production process.

Outcomes of program:

The student who successfully completes this course will be able to:

1. Explain the equations, approximations and techniques available for deriving a model

Bapatla Women's Engineering College

with specified properties, for a general device characteristic with known qualitative theory

2. Apply suitable approximations and techniques to derive the model referred to above starting from drift-diffusion transport equations (assuming these equations hold)
3. Offer clues to qualitative understanding of the physics of a new device and conversion of this understanding into equations.
4. Simulate characteristics of a simple device using MATLAB, SPICE and ATLAS / SYNOPSIS.
5. Explain how the equations get lengthy and parameters increase in number while developing a compact model
6. List mathematical functions representing various non-linear shapes

This program is very useful for students and their feedback is positive. The Management and Principal of Bapatla Women's Engineering College Thanked the resource person and students for making the program success.

About the Institution :

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The College is located in Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. programmes in 3 faculties of Engineering- Computer Science & Engineering, Electronics and Communications and Artificial Intelligence & Machine Learning.

About the Department :

The Department of Electrical and Electronics Engineering was established in the year 2009. The department consists of staff and students committed to excellence and success. The department gives exposure to its students not only the regular engineering curriculum but also aspirations of today's corporate world, by inculcating a professional attitude in them.

Since 2009, the department is consistently striving hard to offer a high quality, state-of-the-art education in Electrical and Electronics Engineering at an affordable cost. The department conducts various workshops on Electric Vehicles, Internet Of Things, Renewable Energy Sources, and current trends. We as a team strive hard to take the department to height of success, glory and to achieve our vision.

About the Certificate Program:

Android software development is the process by which applications are created for devices running the Android operating system. Android apps can be written using Kotlin, Java, and C++ languages using the Android software development kit (SDK), while using other languages is also possible.

This program introduces students to the complete process of mobile application development: covering design, planning, implementation, and testing.

The training programme would help to provide:

TOPICS COVERED:

Contents of the course would touch upon the following aspects, to achieve the objectives:

- ✓ Introduction to Android architecture overview
- ✓ Setup of Android Development Environment
- ✓ Android Application
- ✓ Publishing to the Play Store

Number of students attended: 14

Venue : N-312 IV/IV EEE Class Room

BAPATLA WOMEN'S ENGINEERING COLLEGE, Bapatla organized certificate program on "ANDROID Web APPLICATION" for B.Tech students by the resource person Mrs.M.Anitha

Totally 14 students were participated in this training program and their completion of the program they were able to understand the following objectives and learning outcomes.

PRINCIPAL
BAPATLA WOMEN'S ENGINEERING COLLEGE
BAPATLA

Objectives:

- Upon completion of this course, attendees will be able to
- Understand Android platform architecture
- Design, develop, debug, and deploy Android applications
- Use Android SDK's Emulator to test and debug applications
- Construct user interfaces with built-in views and layouts
- Define custom view and layout
- Develop SQLite Data base

Learning Outcomes:

- Able to know the Basics and architecture of Android
- understand the **Android SDK Installation.**
- understand How to create web Application using **Android SDK**

10-02-2020 to 24-02-2020

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 disciplines of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering college has been established with forethought to organize the growing needs of higher technical education for women, in order to provide them a competitive edge and a unique niche in the society

We at BWEC are determined to create a conducive environment with updated technological inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge and skills required to make them globally competitive technocrats

MISSION:

Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas. We continuously try to maintain high standards so has to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT THE DEPARTMENT:

The ECE department was established in the year 2009 with 60 intakes, now it increases to 120. Department has highly qualified and experienced faculty members provide excellent instruction and supervision to the Students. Department has good state of art laboratories are equipped. It emphasizes teaching and research in the

areas of design, study, and testing of electronic equipment as well as technological concerns pertaining to computer systems, electronics, and other related industrial fields as well as telecommunications systems.

VISION:

To be recognized by the society at large as a full fledged department, offering quality higher education in the Electronics and Communication Engineering field with research focus catering to the needs of the public and staying in tune with the advancing technological revolution and challenging cultural changes.

MISSION:

- ❖ To provide Quality education in the field of Electronics and Communication Engineering through the learning of ethics to its students

- ❖ To create sound technocrats in professional engineering leading them towards growth and development promoting the academic research & development

- ❖ To showcase adaptability in fields of technical knowledge through the academic infrastructure based on state of the art along with industry based training

- ❖ Promote the establishment of centres of excellence in niche technology areas to nurture the spirit of innovation and creativity among faculty and students

- ❖ Enable students to develop skills to solve complex technological problems of current times and also provide a framework for promoting collaborative and multidisciplinary activities.

ABOUT THE COURSE:

Research methodology is a way of explaining how a researcher intends to carry out their research. It's a logical, systematic plan to resolve a research problem.

A methodology details a researcher's approach to the research to ensure reliable, valid results that address their aims and objectives. It encompasses what data they're going to collect and where from, as well as how it's being collected and analyzed

TOPICS COVERED:

- ❖ Foundations of Research
- ❖ Problem Identification & Formulation
- ❖ Hypothesis – Qualities of a good Hypothesis
- ❖ Research Design: Concept and Importance in Research
- ❖ Qualitative and Quantitative Research
- ❖ Layout of a Research Paper, Journals in Computer Science

COURSE OUTCOMES:

The student who successfully completes this course will be able to:

- ❖ Demonstrate the ability to choose appropriate to research aims and objectives
- ❖ Understand the limitations of particular research methods
- ❖ Develop skills in Qualitative and quantitative data analysis and presentation
- ❖ Develop advanced critical thinking skills
- ❖ Demonstrate enhanced writing skills

PROGRAM REPORT

Name of the program: A Two Week Certificate Program on “RESEARCH METHODOLOGY”

Date: 10-02-2020 to 24-02-2020

Resource person : Mrs. G.Kalyani, Asst. Professor of ECE department

Name of the program coordinator: Ms.M.Bhavani, Asst. professor Dept. of ECE

Number of students Attended: 94

Venue: Conference Hall - New Block

Electronics and Communication Engineering Department of Bapatla Women's Engineering college, Bapatla organized A Two Week certificate program on “RESEARCH METHODOLOGY” for B.Tech students by Resource person

Mrs. G.Kalyani Asst. Professor of ECE department. Totally 94 students were participated in the certificate program.

Objectives of the program:

- To understand some basic concepts of research and its methodologies
- To identify appropriate research topics
- To select and define appropriate research problem and parameters
- To prepare a project proposal (to undertake a project)
- To organize and conduct research (advanced project) in a more appropriate manner
- To write a research report and thesis.
- To write a research proposal (grants).

Outcomes of program:

The student who successfully completes this course will be able to:

- Demonstrate the ability to choose methods appropriate to research aims and objectives
- Understand the limitations of particular research methods
- Develop skills in qualitative and quantitative data analysis and presentation
- Develop advanced critical thinking skills
- Demonstrate enhanced writing skills

This program is very useful for students and their feedback is positive. The Management and Principal of Bapatla Women's Engineering College Thanked the resource person and students for making the program success.

CIRCULAR

This is hereby to inform all the **IV/IV B. Tech CSE students**, that the CSE department is organizing a two-week Certification course on "**Natural Language Processing**" by **Ms. P. Nava Bhanu**, Assistant Professor of CSE from 02.03.2020 to 19.03.2020. So all the students are hereby informed to give the names on or before 25.02.2020 and utilize this opportunity by attending the classes.

Venue: New Block Conference Hall.

Co-ordinator: **Mrs. B. Haritha**, Assistant Professor, Dept. of CSE.

About the Institution :

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The College is located in Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. programmes in 3 faculties of Engineering- Computer Science & Engineering, Electronics & Communication Engineering and Electrical & Electronics Engineering.

About the Department :

The Department of Computer Science and Engineering was established in the year 2009. The department consists of staff and students committed to excellence and success. The department gives exposure to its students not only the regular engineering curriculum but also aspirations of today's corporate world, by inculcating a professional attitude in them.

Since 2009, the department is consistently striving hard to offer a high quality, state-of-the-art education in computer science and engineering at an affordable cost. The department conducts various workshops on Bigdata, Cloud computing, Mobile App development, Advanced Java, Networking, Web Technologies and current trends. We as a team strive hard to take the department to height of success, glory and to achieve our vision.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Vision:

To be recognized as an exemplary leader committed to Excellence in education, research and innovation that meet the needs of the global community in computer science and engineering for women who are psychologically strong and have great ethical values.

Mission:

To produce globally competent graduates who have Adequate skills, highest ethical standards, social responsibility and values with a sense of professionalism.

To be dynamic, innovative and flexible in devising academic programs, structures and mechanisms.

To foster leadership qualities and professional behavior skills to enhance the performance of the graduates.

DATE: 02.03.2020 TO 19.03.2020

DAY WISE SCHEDULE

S.NO	DATE	TOPICS TO BE COVERED
1	02.03.2020	Origins and challenges of NLP Language and Grammar, NLP Applications-Information Retrieval.
2	03.03.2020	Regular Expressions-Finite-State Automata-Morphological Parsing.
3	04.03.2020	Spelling Error Detection and correction-Words and Word classes-Part-of-Speech Tagging.
4	05.03.2020	Syntactic Analysis: Context-free Grammar-Constituency-Parsing-Probabilistic Parsing.
5	06.03.2020	Extracting Relations from Text, Subsequence Kernels for Relation Extraction
6	07.03.2020	A Dependency-Path Kernel for Relation Extraction and Experimental Evaluation.
7	09.03.2020	Domain Knowledge and Knowledge Roles, Frame Semantics and Semantic Role Labeling
8	10.03.2020	Learning to Annotate Cases with Knowledge Roles and Evaluations
9	12.03.2020	Evaluating Self-Explanations in Istart: Word Matching, Latent Semantic Analysis
10	13.03.2020	Textual Signatures: Identifying Text-Types Using Latent Semantic Analysis to Measure the Cohesion of Text Structures
11	14.03.2020	Information Retrieval: Design features of Information Retrieval Systems-Classical, Non classical
12	16.03.2020	Alternative Models of Information Retrieval – valuation Lexical Resources World Net-Frame Net-Stemmers-
13	17.03.2020	POS Tagger- Research Corpora.
14	19.03.2020	A Case Study in Natural Language Based Web Search: InFact System Overview, The Global Security .org Experience

PROGRAM REPORT

Date: 20.03.2020

Name of the Event: A Two Week Certificate Program on "Natural Language Processing"

Date: 02.03.2020 TO 19.03.2020

Resource Person: Ms.P.Nava Bhanu, Asst. Professor, Dept. of CSE

Contact No: 8686887045

Email id:bhanu8flery@gmail.com

Name of the Coordinator: Mrs. B. Haritha, Asst. Professor, Dept. of CSE

Contact No: 9493922692

Email id:haritha.bwec@gmail.com

Number of Students Attended: 111

Venue: New Block Conference Hall, BAPATLA WOMEN'S ENGINEERING COLLEGE

BAPATLA WOMEN'S ENGINEERING COLLEGE, Bapatla Organized A Two Week Certificate Program on "Natural Language Processing" for B.Tech Students by the Resource Person Ms.P.Nava Bhanu, Natural language processing (NLP) is a machine learning technology that gives computers the ability to interpret, manipulate, and comprehend human language. Organizations today have large volumes of voice and text data from various communication channels like emails, text messages, social media newsfeeds, video, audio, and more. They use NLP software to automatically process this data, analyze the intent or sentiment in the message, and respond in real time to human communication. Totally 111 Students are participated in this training Program and their completion of the program they were able to understand the following Objectives and learning outcomes.

Objectives

- Make them understand the concepts of morphology, syntax, semantics and pragmatics of the language and that they are able to give the appropriate examples that will illustrate the above mentioned concepts.
- Able to recognize the significance of pragmatics for natural language understanding.
- Enable students to be capable to describe the application based on natural language processing and to show the points of syntactic, semantic and pragmatic processing.

Course Outcomes

- Understand approaches to syntax and semantics in NLP.
- Understand approaches to discourse, generation, dialogue and summarization within NLP.
- Understand current methods for statistical approaches to machine translation.
- Understand machine learning techniques used in NLP, including probabilistic context-free grammars, relation extractions, semantic role labeling, semantic analysis, information retrieval algorithms and POS taggers as applied within NLP

This Program is very useful to students and their feedback about the program is good. The Management and Principal of BWEC appreciated the Resource Pearson and Participants for making the program successful.
