List of Seminars/Workshops

A.Y:2022-23

S. No.	Name of the Programme	Date	No. of Participants	Details of the Resource Person
1	A One Day Seminar on Emerging Research Trends in AI & IoT	15.11.2022	47	Mrs. P. Pratyusha, Asst.Prof, ECE Deptarment, Chirala Engineering College, Chirala.
2	A One Day Seminar on Entrepreneurship-Skill Development	02.12.2022	99	Dr. S. Murali Krishna, Professor Bomma Institute of Technology & Science, Khammam
3	A One Day Seminar on Women Entrepreneurship Development	02.12.2022	99	Mr. M. Nagaraju, Assistant Professor, Department of MBA, Chirala Engineering College, Chirala
4	A One Day Seminar on Nano Technology	20.12.2022	76	Mr.G. Jaya Paul, Assistant Professor, Department of Physics, Bapatla College of Arts and Science, Bapatla.
5	One Day Seminar on Research Ethics	28.12.2022	39	Dr. C. V.Lakshmi, Assistant Professor, Bapatla Engineering College, Bapatla
6	A One Day Seminar on Inter Disciplinary Research	22.02.2023	47	Dr. S. MuraliKrishna, Professor Bomma Institute of Technology & Science,Khammam
7	One Day Seminar on Current Research Trends in Blockchain Technology	23.02.2023	52	Mr. Santosh Chaluvadi Founder & CEO, Supraja Technologies
8	A One Day Awareness Programme on Intellectual Property Rights under KAPILA	27.02.2023	99	Sri. CH SREE RAMA LINGA PRASAD Examiner of Patents & Designs Intellectual Property Office, Chennai, Govt. of India
9	A One Day Awareness Programme on Intellectual Property Rights & Patent Filing	28.02.2023	99	Dr. G. Srinivasarao, Professor & HoD Narsaraopet Institute of Technology, Narsaraopet
10	A One Day Seminar on Researching Agile Methodologies and their Effectiveness in Software Development	01.03.2023	47	Mrs. P. Pratyusha, Asst.Prof, ECE Deptarment, ChiralaEngineering College, Chirala.

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering college has been established with forethought to organize the growing needs of higher technical education for women, in order to provide them a competitive edge and a unique niche in the society

We at BWEC are determined to create a conducive environment with updated technological inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge and skills required to make them globally competitive technocrats

MISSION:

M1: Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.

M2: We continuously try to maintain high standards so has to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT THE R&D CELL:

Research and Development cell was established at BWEC to inculcate research and innovative skills Among faculty and students.

R&D Cell provides a platform for creativity and innovation to flourish young minds in Institute. Innovative breakthroughs will happen only because of meticulous efforts of R&D. The R&D cell has an advisory board with senior faculty members from Our Organisation. The cell manages all the research Programs of the college by monitoring and coordinating the research Programs. It facilitates interaction with external agencies for funded R&D projects and also promotes and manages Institute-Industry interaction.

ABOUT THE PROGRAM:

The internet of things is one of the fastest-growing industries for bringing social and economic advantages to emerging and developing economies. Internet of things (IoT) is a collection of interconnected computing devices, physical devices, embedded electronics, sensors, actuators, and network connectivity with unique identifiers and the ability to transport data across a network without human or computer intervention. IoT enables remote control of systems over the internet. IoT is gaining traction in many fields, such as medicine, transportation, and agriculture. IoT is predicted to grow swiftly because of advancements in communication technology, device availability, and computational systems. Today, the term "AI" describes a wide range of technologies that power many of the services and goods we use every day – from apps that recommend tv shows to chat bots that provide customer support in real time.

OBJECTIVES OF THE PROGRAM:

- To familiarize with the latest advancements, applications, and future directions in the areas of Artificial Intelligence (AI) and Internet of Things (IoT).
- To know about IoT applications and integration with AI.

TOPICS COVERED:

- Introduction to AI and IoT technologies and their convergence.
- Cutting-edge research trends in AI, such as Machine Learning, deep learning, reinforcement learning, and natural language processing.
- IoT applications and their integration with AI for development of smart systems, smart cities and in healthcare etc.

OUTCOMES OF THE PROGRAM:

- Enhanced knowledge on research trends in AI and IoT Technologies
- Awareness of innovative IoT applications and integration with AI

PROGRAMME REPORT

Programme Name	A one day seminar on "Emerging Research Trends in AI & IoT".
Resource Person	Mrs.P.Pratyusha, Asst.Prof, ECE Department, Chirala Engineering College, Chirala.
Date of Activity	15/11/22
Organized By	R&D cell, Bapatla Women's Engineering College, Bapatla
Venue	N-306

Objective(s) of the programme:

- To familiarize with the latest advancements, applications, and future directions in the areas of Artificial Intelligence (AI) and Internet of Things (IoT).
- To know about IoT applications and integration with AI.

Topics covered:

- Introduction to AI and IoT technologies and their convergence.
- Cutting-edge research trends in AI, such as Machine Learning, deep learning, reinforcement learning, and natural language processing.
- IoT applications and their integration with AI for development of smart systems, smart cities and in healthcare etc.

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering College has been established with forethought to organize the growing needs of higher technical education for WOMEN in order to provide them a competitive edge and a unique niche in the society. We at BWEC are determined to create a conducive environment with updated technology inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge and skills required to make them globally competitive technocrats.

MISSION:

M1: Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.

M2: We continuously try to maintain high standards so as to make them technologically competent, ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT R&D Cell:

Bapatla Women's Engineering College is now focusing more on Research Programs and need-based technology. Accordingly, an independent R&D Cell has been established in the year -----to promote and monitor the research Programs of the college. The R&D cell has an advisory board with senior faculty members from Our Organisation.

The objective of R & D Cell is to promote research activities among students and faculty as well as to provide a robust platform for sharing and implementing innovative and creative ideas to facilitate the exchange of information and interaction among the various research institutes and industries to develop skilled manpower in various engineering fields.

ABOUT THE PROGRAMME:

The one-day seminar on Entrepreneurship skill development provided a platform for professionals to share insights and expertise. Topics ranged from emerging industry trends to practical experiences, fostering a valuable exchange of knowledge. Participants gained valuable perspectives on current challenges and future opportunities, enhancing their understanding of the dynamic business landscape. The event successfully bridged the gap between academia and industry, promoting collaboration and facilitating meaningful interactions between experts and attendees. Business planning, marketing strategies, financial management, and networking. It provides participants with valuable insights and practical tools to enhance their entrepreneurial abilities. Workshop

PROGRAMME OBJECTIVES:

- ❖ To create awareness on the role of entrepreneurship, attitude and behavior development among the budding entrepreneurs and entrepreneurial aspirants.
- ❖ To provide a virtual platform in exploring the potential of the entrepreneurial aspirants in the wide area of entrepreneurship

TOPICS COVERED:

- ❖ Role of innovative strategies in initiating and developing start-ups.
- ❖ Active listening and communication Skills.
- ❖ Networking Skills.
- ❖ Business Management Skills
- ❖ Problem-solving Skills and Creative thinking Skills

PROGRAMME REPORT

Date:05-12-2022

ProgrammeName	A One Day Seminar on Entrepreneurship- Skill Development
Resource Person	Dr. S. Murali Krishna, Professor, Bomma Institute of Technology and Science
Date of Activity	02-12-2022
Organized By	R&D Cell, Bapatla Women's Engineering College, Bapatla
Venue	N-306

Objectives of the Programme

- To create awareness on the role of entrepreneurship, attitude and behaviour development among the budding entrepreneurs and entrepreneurial aspirants.
- To provide a virtual platform in exploring the potential of the entrepreneurial aspirants in the wide area of entrepreneurship.

Topics Covered

- Role of innovative strategies in initiating and developing start-ups.
- Active Listening and Communication Skills.
- Networking Skills.
- Business Management Skills.
- Problem-solving Skills and Creative thinking Skills.

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering College has been established with forethought to organize the growing needs of higher technical education for WOMEN in order to provide them a competitive edge and a unique niche in the society. We at BWEC are determined to create conducive environment with update technology inputs and latest information to facilitate the Students with a pleasant feel in acquiring knowledge skills required to make them globally competitive technocrats.

MISSION:

M1: Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.

M2: We continuously try to maintain high standards so as to make them technologically competent ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT R&D Cell:

Bapatla Women's Engineering College is now focusing more on Research Programs and need-based technology. Accordingly, an independent R&D Cell has been established in the year 2021 to promote and monitor the research Programs of the college. The R&D cell has an advisory board with senior faculty members from Our Organisation.

The objective of R & D Cell is to promote research activities among students and faculty as well as to provide a robust platform for sharing and implementing innovative and creative ideas to facilitate the exchange of information and interaction among the various research institutes and industries to develop skilled manpower in various engineering fields.

ABOUT THE PROGRAMME:

A one-day seminar on internship in women entrepreneurship development could provide valuable insights into the challenges and opportunities women entrepreneurs face. You can gain hands-on experience, networking opportunities, and a deeper understanding of how to support and promote women in business. The increasing presence of women as entrepreneurs has led to significant business and economic growth in the country. Women-owned business enterprises are playing a prominent role in society by generating employment opportunities in the country, bringing in demographic shifts and inspiring the next generation of women founders. With a vision to promote the sustainable development of women entrepreneurs for balanced growth in the country, Startup India is committed towards strengthening women entrepreneurship in India through initiatives, schemes, creation of enabling networks and communities and activating partnerships among diverse stakeholders in the startup ecosystem.

PROGRAM OBJECTIVES:

- To make female students aware about policies of Government towards women entrepreneurship.
- To teach students independent decision making, entrepreneurial thinking, working in teams, and assumption of roles and responsibilities as organizers.

TOPICS COVERED:

- Policies of both State Government and Central Government towards women entrepreneurship.
- Independent decision making.
- Entrepreneurial thinking
- Team work and team leading
- Roles and responsibilities as future organizers.

PROGRAMME REPORT

ProgrammeName	A One Day Seminar on Women Entrepreneurship Development
Resource Person	Mr.M.Nagaraju, Assistant Professor, Department of MBA, Chirala Engineering College, Chirala
Date of Activity	02-12-2022.
Organized By	R&D CELL, Bapatla Women's Engineering College, Bapatla
Venue	Conference Hall -New Block

Objectives of the Programme:

- To make female students aware about policies of Government towards women entrepreneurship.
- To teach students independent decision making, entrepreneurial thinking, working in teams, team leading and assumption of roles and responsibilities as organizers.

Topics Covered:

- Policies of both State Government and Central Government towards women entrepreneurship.
- Independent decision making.
- Entrepreneurial thinking
- Team work and team leading
- Roles and responsibilities as future organizers.

ABOUT THE INSTITUTION :

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The College is located in Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech programs in 3 faculties of Engineering- Computer Science & Engineering, Electronics and Communications Engineering and Artificial Intelligence & Machine Learning.

ABOUT THE DEPARTMENT :

The Department was established in the year 2009 with the aim to develop engineers to face the future challenges in technical and scientific fields. The department has well equipped physics, chemistry laboratories and English communication skills lab. Also it has excellent and experienced staff and skilled lab technicians. The department provides good learning environment to the students.

A One day Seminar on "NANO TECHNOLOGY"

DECEMBER 20, 2022

Organized
By

DEPARTMENT OF S & H

BAPATLA WOMEN'S ENGINEERING
COLLEGE:: BAPATLA

(Approved by AICTE -New Delhi, Affiliated to
Acharya Nagarjuna University)

An ISO 9001 : 2015 Certified Institution

Objectives of the Programme:

- To foster the creation of new and relevant technologies and to transfer them to industry for effective utilization.
- To participate in the planning and solving of engineering and managerial problems of relevance to global industry and to society at large by conducting basic and applied research in the areas of technologies.
- To develop and conduct continuing education programmes for practicing engineers and managers with a view to update their fundamental knowledge base and problem-solving capabilities in the various areas of core competence of the University;

Topics:

Contents of the Seminar would touch upon the following aspects:

- Nano materials
- Applications in various fields of engineering
- Advanced ideas and Techniques in Nano Technology

ADDRESS FOR COMMUNICATION:

Ms. T. Hema Latha
Assistant Professor
Dept of S & H

PROGRAMME REPORT

Programme Name	A One day Seminar on Nano Technology
Resource Person	Mr.G. Jaya Paul , Assistant Professor, Department of Physics, Bapatla College of Arts and Science, Bapatla.
Date of Activity	20-12-2022
Organized By	Department of S&H, Bapatla Women's Engineering College, Bapatla
Venue	Conference Hall-New Block

Objectives of the Programme

- To offer globally-relevant, industry-linked, research-focused, technology- enabled seamless education at the graduate, postgraduate and research levels in various areas of engineering & technology and applied sciences keeping in mind that the manpower so spawned is excellent in quality, is relevant to the global technological needs, is motivated to give its best and is committed to the growth of the Nation;
- To foster the creation of new and relevant technologies and to transfer them to industry for effective utilization;
- To participate in the planning and solving of engineering and managerial problems of relevance to global industry and to society at large by conducting basic and applied research in the areas of technologies;
- To develop and conduct continuing education programmes for practicing engineers and managers with a view to update their fundamental knowledge base and problem-solving capabilities in the various areas of core competence of the University;

Topics Covered

- Nano materials
- Applications in various fields of engineering
- Advanced ideas and Techniques in Nano Technology

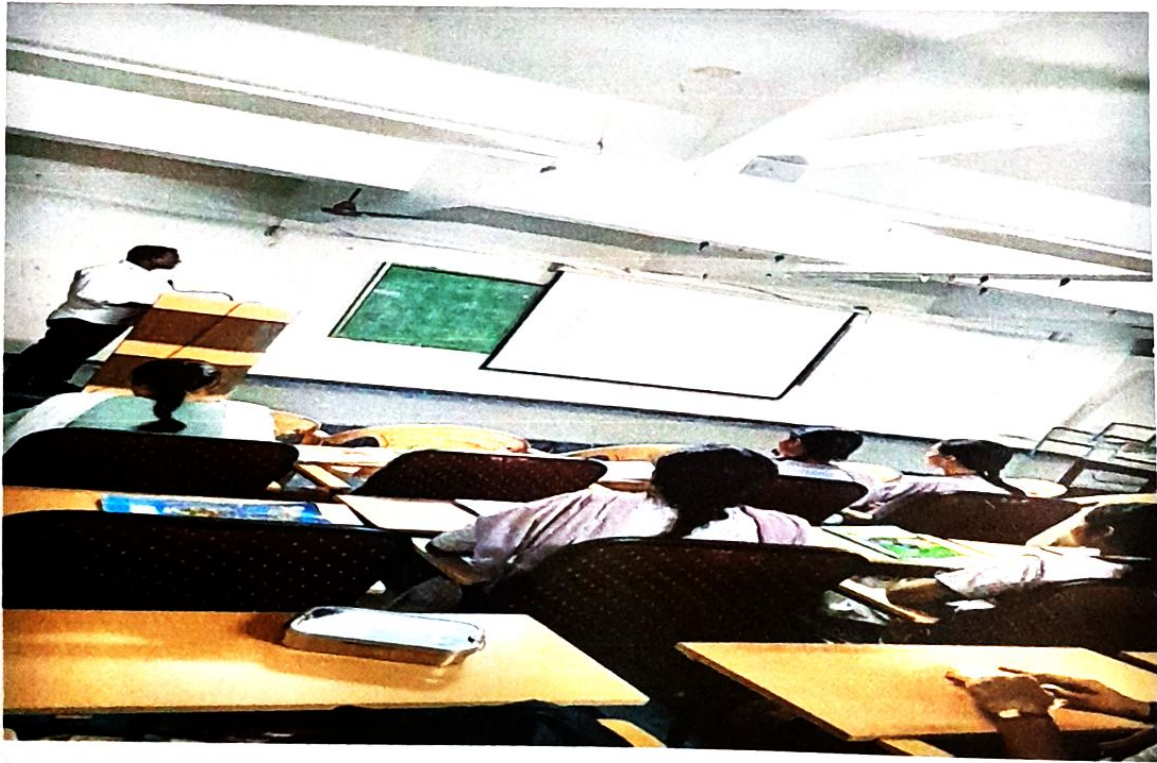

Outcomes of the Programme:

The student will be able to:

- Apply principles of basic science concepts in understanding, analysis and prediction of matter at Nano scale.
- To introduce interdisciplinary subjects/concepts/ideas for interdisciplinary application of Science and engineering concepts.
- To introduce advanced ideas and techniques required in emergent area of nanotechnology.
- To develop human resource with specialization in theoretical and experimental techniques required for career in academia and Nano technology driven industry.
- Engage in lifelong learning and adapt to changing professional and societal needs

CIRCULAR

This is hereby to inform all the **II/IV B.Tech students**, that the CSE department is organizing a one day seminar on "**Research Ethics**" by Dr. C. V.Lakshmi, Assistant Professor, Bapatla Engineering College, Bapatla on 28.12.2022. So all the students are hereby informed to give the names and utilize this opportunity by attending the seminar.

Venue: New Block Room.No-201

Timing: 10:30AM

About the Institution :

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The College is located in Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. programmes in 3 faculties of Engineering- Computer Science & Engineering, Electronics & Communication Engineering and Artificial Intelligence & Machine learning

About the Department :

The Department of Computer Science and Engineering was established in the year 2009. The department consists of staff and students committed to excellence and success. The department gives exposure to its students not only the regular engineering curriculum but also aspirations of today's corporate world, by inculcating a professional attitude in them.

Since 2009, the department is consistently striving hard to offer a high quality, state-of-the-art education in computer science and engineering at an affordable cost. The department conducts various workshops on Big data, Cloud computing, Mobile App development, Advanced Java, Networking, Web Technologies and current trends. We as a team strive hard to take the department to height of success, glory and to achieve our vision.

Vision:

To be recognized as an exemplary leader committed to Excellence in education, research and innovation that meet the needs of the global community in computer science and engineering for women who are psychologically strong and have great ethical values.

Mission:

To produce globally competent graduates who have Adequate skills, highest ethical standards, social responsibility and values with a sense of professionalism.

To be dynamic, innovative and flexible in devising academic programs, structures and mechanisms.

To foster leadership qualities and professional behavior skills to enhance the performance of the graduates.

ONE DAY SEMINAR

ON

"RESEARCH ETHICS"

DECEMBER 28, 2022

ORGANIZED
BY

DEPARTMENT OF CSE

**BAPATLA WOMEN'S
ENGINEERING COLLEGE
BAPATLA**

(Approved by AICTE - New Delhi, Affiliated to
Acharya Nagarjuna University
An ISO 9001 : 2015 Certified Institution)

Objectives of the programme:

In the field of education, one of the mindsets that academics must possess is ethics. When it comes to deciding what is right and wrong, ethics also plays a crucial role as a guiding principle for researchers, particularly in the field of computer science. Academic culture appears to be morally deteriorating or declining in terms of both instruction and the dissemination of scientific research. The volume of scientific crimes committed by those in charge of publishing scientific works appears to be evidence that moral principles are no longer significant and are frequently disregarded. The objective of the workshop is not to evaluate the "judgmental" behavior of computer science researchers, but rather to pinpoint the factors that lead to such behavior.

TOPICS:

Fundamental Ethical Principles: Overview of key ethical principles (integrity, honesty, transparency), Understanding the ethical responsibilities of researchers

- Plagiarism and Academic Integrity: Definition of plagiarism, Importance of academic honesty, Techniques for avoiding plagiarism.
- Responsible Publication.
- Responsible Mentoring.

Ethics

PROGRAMME REPORT

Programme Name	One day Seminar on "Research Ethics"
Resource Person	Dr.C.V.Lakshmi, Assistant Professor, Bapatla Engineering College mail-Id: cvltutu@gmail.com
Date of Activity	28.12.2022
Organized By	Bapatla Women's Engineering College, Bapatla
Venue	New BlockRoom.No-201

Objective of the programme:

In the field of education, one of the mindsets that academics must possess is ethics. When it comes to deciding what is right and wrong, ethics also plays a crucial role as a guiding principle for researchers, particularly in the field of computer science. Academic culture appears to be morally deteriorating or declining in terms of both instruction and the dissemination of scientific research. The volume of scientific crimes committed by those in charge of publishing scientific works appears to be evidence that moral principles are no longer significant and are frequently disregarded. The objective of the workshop is not to evaluate the "judgmental" behavior of computer science researchers, but rather to pinpoint the factors that lead to such behavior.

Topics covered:

- Fundamental Ethical Principles: Overview of key ethical principles (integrity, honesty, transparency), Understanding the ethical responsibilities of researchers.
- Plagiarism and Academic Integrity: Definition of plagiarism, Importance of academic honesty, Techniques for avoiding plagiarism.
- Responsible Publication.
- Responsible Mentoring.

Outcome of programme:

By the end of the seminar, the participants are expected to emerge with the confidence and understanding needed to conduct research with the highest ethical standards, contributing to the development of ethically conscious and socially responsible engineers. They will gain a solid understanding of fundamental ethical principles such as integrity, honesty, and responsibility in the context of their engineering pursuits. The seminar will equip students with the knowledge and skills to navigate ethical challenges in their research endeavours, covering topics such as proper data handling, plagiarism prevention, and the importance of transparency in reporting results.

On 28.12.2022 from our college students and faculties have participated in the Research Ethics Seminar.

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 disciplines of Electronics and Communication Engineering Artificial Intelligence and Machine Learning, Computer Science & Engineering.

VISION:

Bapatla Women's Engineering college has been established with forethought to organize the growing needs of higher technical education for women, in order to provide them a competitive edge and a unique niche in the society

We at BWEC are determined to create a conducive environment with updated technological inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge and skills required to make them globally competitive technocrats

MISSION:

M1:Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.

M2: We continuously try to maintain high standards so has to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT THE R&D: CELL:

Bapatla Women's Engineering College is now focusing more on Research Programs and need-based technology.. The Accordingly, an independent R&D Cell has been established in the year to promote and monitor the research Programs of the college. The R&D cell has an advisory board with senior faculty members from Our Organisation objective of R & D Cell is to promote research activities among students and faculty as well as to provide a robust platform for sharing and implementing innovative and creative ideas to facilitate the exchange of information and interaction among the various research institutes and industries to develop skilled manpower in various engineering fields.

ABOUT THE PROGRAM:

Interdisciplinary research (IDR) is a mode of research by teams or individuals that integrates information, data, techniques, tools, perspectives, concepts, and/or theories from two or more disciplines or bodies of specialized knowledge to advance fundamental understanding .

OBJECTIVES OF THE PROGRAMME:

- ❖ To understand the significance and benefits of interdisciplinary research.
- ❖ To know about interdisciplinary research approaches and methodologies.

TOPICS COVERED:

- ❖ Introduction to inter disciplinary research.
- ❖ Methodologies and approaches.
- ❖ Communication and collaboration.
- ❖ Challenges and solutions.

PROGRAM OUTCOMES:

The student who successfully completes this course Will be able to:

- ❖ Gained knowledge on interdisciplinary research principles.
- ❖ Strengthened in problem-solving skills through interdisciplinary approaches.

PROGRAMME REPORT

Programme Name	A one day seminar on "Inter Disciplinary Research" .
Resource Person	Dr. S. Murali Krishna Professor, Bomma Institute of Technology & Science.
Date of Activity	22-02-2023
Organized By	R&D Cell, Bapatla Women's Engineering College, Bapatla
Venue	N-306

Objectives of the programme:

- To understand the significance and benefits of interdisciplinary research.
- To know about interdisciplinary research approaches and methodologies.

Topics covered:

- Introduction to inter disciplinary research.
- Methodologies and approaches.
- Communication and collaboration.
- Challenges and solutions.

About the Institution :

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The College is located in Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. programmes in 3 faculties of Engineering- Computer Science & Engineering, Electronics & Communication Engineering and Artificial Intelligence & Machine Learning.

About the Department :

The Department of Computer Science and Engineering was established in the year 2009. The department consists of staff and students committed to excellence and success. The department gives exposure to its students not only the regular engineering curriculum but also aspirations of today's corporate world, by inculcating a professional attitude in them.

Since 2009, the department is consistently striving hard to offer a high quality, state-of-the-art education in computer science and engineering at an affordable cost. The department conducts various workshops on Big data, Cloud computing, Mobile App development, Advanced Java, Networking, Web Technologies and current trends. We as a team strive hard to take the department to height of success, glory and to achieve our vision.

Vision:

To be recognized as an exemplary leader committed to Excellence in education, research and innovation that meet the needs of the global community in computer science and engineering for women who are psychologically strong and have great ethical values.

Mission:

To produce globally competent graduates who have Adequate skills, highest ethical standards, social responsibility and values with a sense of professionalism.

To be dynamic, innovative and flexible in devising academic programs, structures and mechanisms.

To foster leadership qualities and professional behavior skills to enhance the performance of the graduates.

PROGRAMME REPORT

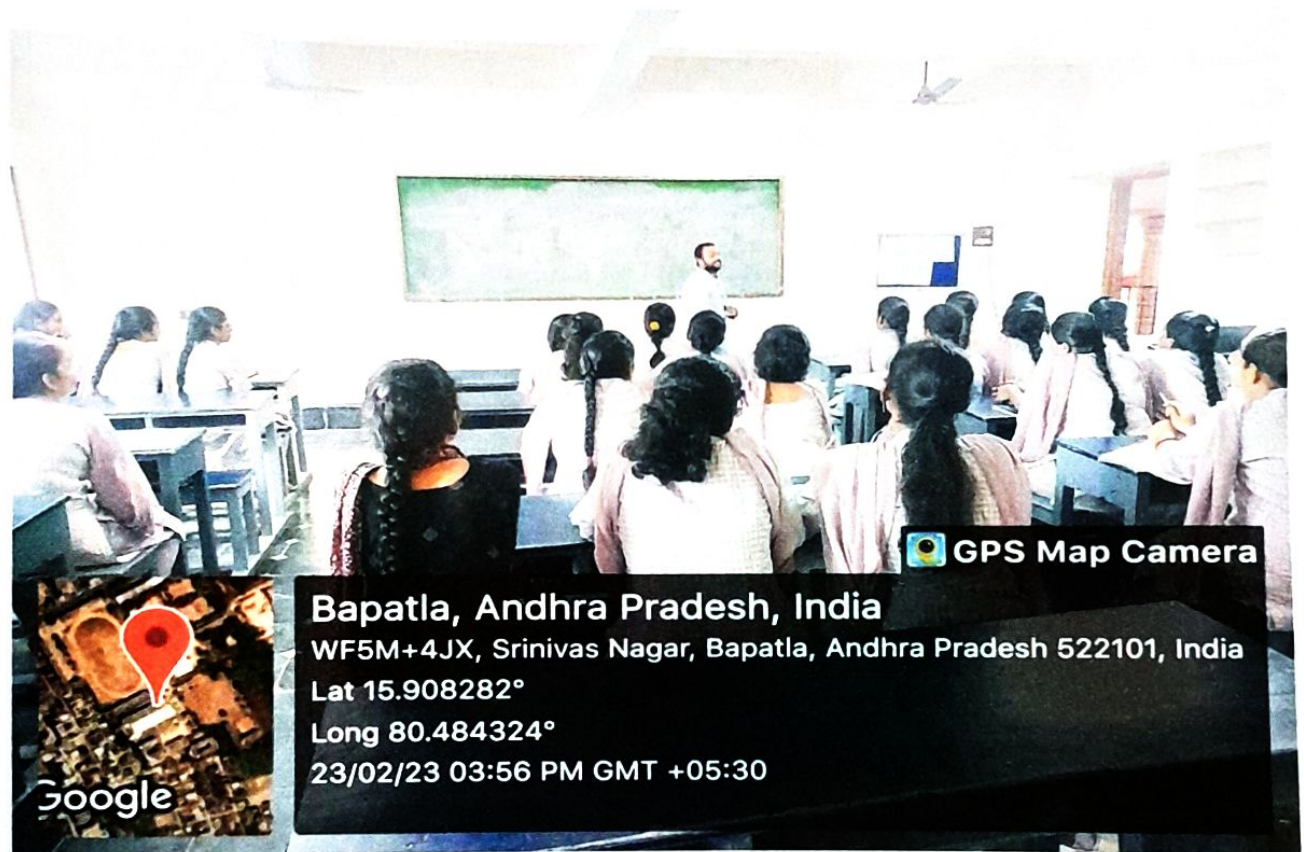

ProgrammeName	One day Seminar on "Current Research Trends in Blockchain Technology"
Resource Person	Mr.SantoshChaluvadi, Founder & CEO, Supraja Technologies. Email id: contact@suprajatechnologies.com , Ph.No:9550055338
Date of Activity	23.02.2023
Organized By	Bapatla Women's Engineering College, Bapatla
Venue	New Block Room.No-320

Objective of the programme:

- Impart strong technical understanding of Blockchain technologies
- Develop familiarity of current technologies, tools, and implementation strategies
- Introduce application areas, current practices, and research activity

Topics covered:

- Introduction to Block chain Technology
- Blockchain overview
- Characteristics of Blockchain& Types of Blockchain
- Cryptocurrencies and Online Payment Systems
- Increased Development of Blockchain-Based Applications
- Locating an apposite research engine.

Outcomes of programme:

The seminar offered a comprehensive overview of key research areas, including consensus mechanisms, scalability solutions, smart contracts, and the integration of blockchain with emerging technologies. Renowned speaker, recognized authorities in blockchain research, engaged the students with insightful presentations, sharing practical insights and showcasing real-world applications.

The seminar not only broadened the students' knowledge but also inspired their curiosity about potential research avenues within the blockchain field.

The seminar achieved its objectives by providing a platform for knowledge exchange, networking, and in-depth discussions. The success of the event was a testament to the collaborative spirit of the participants and the speaker.

On 23.02.2023 from our college students and faculties have participated in the Current Research Trends in Blockchain Technology.

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering College has been established with forethought to organize the growing needs of higher technical education for WOMEN in order to provide them a competitive edge and a unique niche in the society. We at BWEC are determined to create a conducive environment with updated technology inputs and latest information to facilitate the Students with a pleasant feel in acquiring knowledge skills required to make them globally competitive technocrats.

MISSION:

M1: Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.

M2: We continuously try to maintain high standards so as to make them technologically competent ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT R&D Cell:

Bapatla Women's Engineering College is now focusing more on Research Programs and need-based technology. Accordingly, an independent R&D Cell has been established in the year ----to promote and monitor the research Programs of the college. The R&D cell has an advisory board with senior faculty members from Our Organisation.

The objective of R & D Cell is to promote research activities among students and faculty as well as to provide a robust platform for sharing and implementing innovative and creative ideas to facilitate the exchange of information and interaction among the various research institutes and industries to develop skilled manpower in various engineering fields.

ABOUT THE PROGRAMME:

On the occasion of the 75th anniversary of independence, the Government of India has begun a mission to spread awareness on IPR among students under the scheme - National Intellectual Property Awareness Mission (NIPAM). Intellectual Property Rights (IPR) are exclusive rights granted in the form of Patents, Designs, Trademarks, and Geographical Indications. This awareness program would expose the students of the institution to various types of IPR which will ignite their intellectual thoughts and motivate them to innovate and further transform their innovative ideas into Intellectual Property assets.

OBJECTIVES:

- To give industrial experience to Faculty members and students, thus allowing them to tune their knowledge to cope up with the industrial culture.
- To assist the Departments in organizing workshops, conferences and symposia with joint participation of the industries.
- To inspire Faculty members to use their expertise in solving the live problems faced by the industries.
- This creates an opportunity for consultancy work for the faculty.

TOPICS COVERED:

- Strategic planning
- Networking opportunities
- Skill Enhancement
- Motivation and Confidence
- Career Resilience
- Actionable Takeaways

PROGRAMME REPORT

ProgrammeName	A One Day Awareness Programme on "Intellectual Property Rights" under KAPILA
Resource Person	Sri.Ch.Sree Rama Linga Prasad Examiner of Patents & Designs Intellectual Property Office Chennai, Govt. of India.
Date of Activity	27-02-2023
Organized By	R&D Cell, Bapatla Women's Engineering College, Bapatla
Venue	Conference Hall-New Block & Class Rooms

Objectives of the Programme:

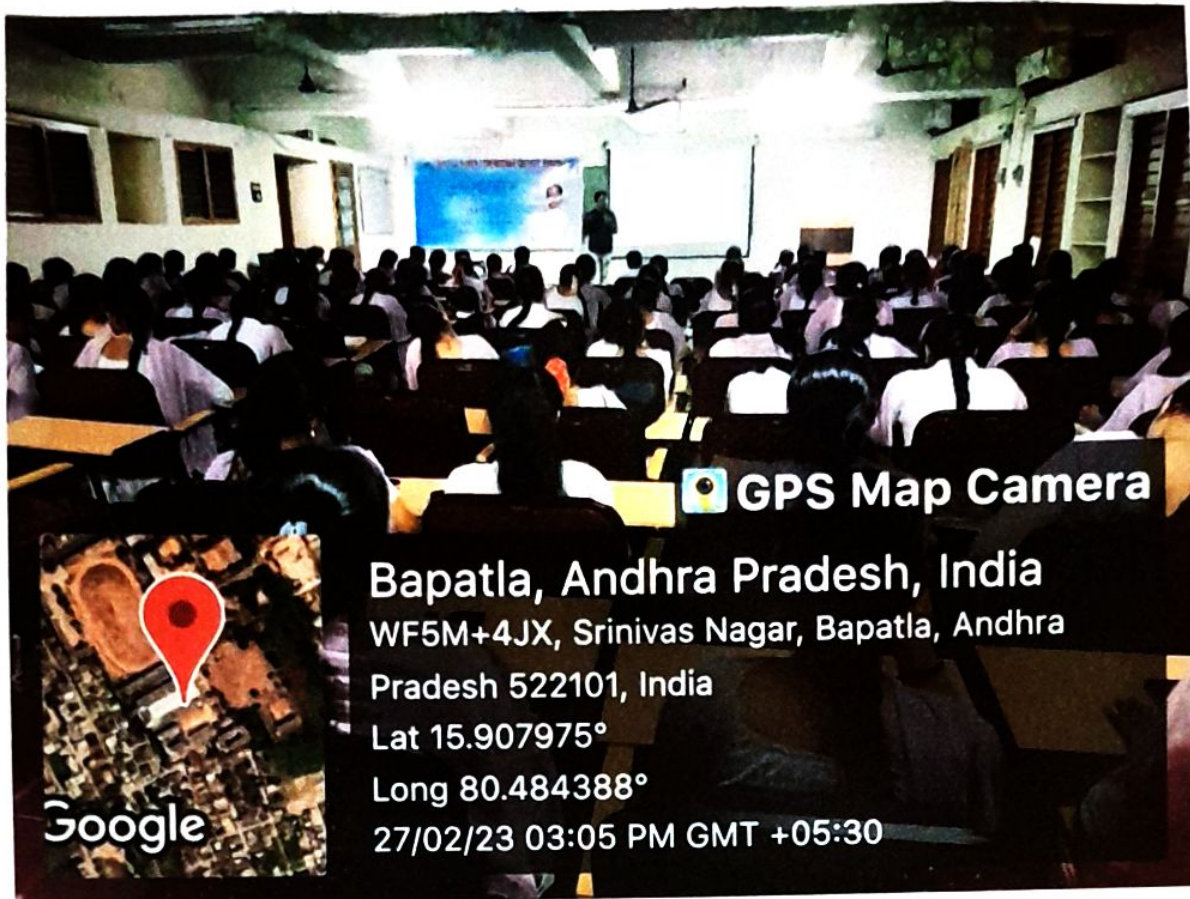

- To make students understand the intellectual property rights.
- To develop an IPR credit mechanism and emphasize raising awareness of the need to complete IP procedures in India and globally.
- To aware the young researchers regarding their rights and obligations under IP rules.

Topics Covered:

- Background of Intellectual Property.
- Need for IPR.
- IPR – Patent, Industrial Designs, Copyrights, Trademarks.
- Other IPR's-Geographical Indications, Semiconductor Integrated Circuits Layout Design, Plant Variety, Trade Secrets.
- Patent application filing process, fees, forms, examination process etc.
- Career opportunities in the IPR field.

Sri.Ch.Sree Rama Linga Prasad sharing knowledge and information regarding Intellectual Property Rights.

Outcomes of Programme:

- Students and Staff were taught on how IPR restricts copying other's ideas and how this will help the development of new ideas for the betterment of the society.
- Gained knowledge on different types of Intellectual Properties (IPs), the right of ownership, scope of protection as well as the ways to create and extract value.
- Enhanced knowledge on remedies available to the IP owner and the precautionary steps to be taken to prevent infringement of proprietary rights in products and technology development.
- Imbibe information that Intellectual Property Rights (IPR) are exclusive rights granted in the form of **Patents, Designs, Trademarks, and Geographical Indications.**

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering College has been established with forethought to organize the growing needs of higher technical education for WOMEN in order to provide them a competitive edge and a unique niche in the society.

We at BWEC are determined to create a conducive environment with updated technology inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge skills required to make them globally competitive technocrats.

MISSION:

Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas. We continuously try to maintain high standards so as to make them technologically competent, ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT R&D Cell:

Bapatla Women's Engineering College is now focusing more on Research Programs and need-based technology. Accordingly, an independent R&D Cell has been established in the year 2021 to promote and monitor the research Programs of the college. The R&D cell has an advisory board with senior faculty members from Our Organisation.

The objective of R & D Cell is to promote research activities among students and faculty as well as to provide a robust platform for sharing and implementing innovative and creative ideas to facilitate the exchange of information and interaction among the various research institutes and industries to develop skilled manpower in various engineering fields.

ABOUT THE PROGRAMME:

one-day awareness program on Intellectual Property Rights (IPR). Intellectual Property Rights refer to legal rights that protect creations of the mind, such as inventions, literary and artistic works, designs, symbols, names, and images used in commerce. Organizing a one-day awareness program on IPR can be a valuable initiative to educate individuals or a community about the importance of intellectual property protection. The theme for the 2023 celebration of World Intellectual Property Day is "Women and IP: Accelerating Innovation and Creativity," emphasizing the crucial role of women in propelling innovation and creativity forward. R&D Organisation, Scientific Department and Educational Institutions about the growing need for promotion and protection of the intellectual assets, in the form of Patents, Designs & Trademarks and Geographical Indications, of inventors & creators.

PROGRAMME OBJECTIVES:

- ❖ To Create awareness on need and importance of IPR among the faculty and Student Community.
- ❖ To explore the Indian Scenario of Intellectual property Right System, Patents, Copy Rights, Trademarks.
- ❖ To provide a better Understanding of the procedures to be Followed for filing Patent Applications.

TOPICS COVERED:

- ❖ Conceiving Your Invention
- ❖ Patent Search and Drafting
- ❖ Filing the Patent Application
- ❖ Publication of the Application
- ❖ Request for Examination
- ❖ Respond to the Objections
- ❖ Grant of Patent

PROGRAMME REPORT

Programme Name	One Day Awareness Programme on' Intellectual Property Rights & Patent Filing '
Resource Person	Dr.G.Srinivasarao,Professor&HoD,Narsaraopet Institute Of Technology,Narsaraopet.
Date of Activity	28-02-23
Organized By	R&D Cell,Bapatla Women's Engineering College, Bapatla
Venue	Conference Hall-New Block

Objectives of the IPR Programme:

- To create awareness on need and importance of IPR among the Faculty and Student Community.
- To explore the Indian Scenario of Intellectual Property Right System, Patents, Copy Rights, Trademarks.
- To provide a better understanding of the procedures to be followed for filing Patent Application.

Topics covered:

- Conceiving your Invention
- Patent Search and Drafting
- Filing the Patent Application
- Publication of the Application
- Request for Examination
- Respond to the Objections
- Grant of Patent

Dr.G.Srinivasa Rao presenting about Intellectual Property Rights and patent filling to boost innovation and entrepreneurship development at the Institute.

Outcomes of programme:

- Basic steps to be followed for filing a Patent Application.
- The structure of Indian IPR System.
- Procedures required to convert a Research Work in to a Patent.
- How to create a well-protected Innovation in the Institution.

Dr.G.Srinivasa Rao Demonstration

CIRCULAR

All the staff and students of IV/IV B.Tech ECE & CSE Departments are here by informed that BWEC R&D Cell is going to organize A one day seminar on” **Researching Agile Methodologies and their Effectiveness in Software Development**” by Mrs. P.Pratyusha, Asst.Prof, ECE Department, Chirala Engineering College, Chirala on **01-03-2023**. So, interested staff and students can attend the program.

Time : 10.30 Am

Venue: N-306

A one day seminar on RESEARCHING AGILE METHODOLOGIES AND THEIR EFFECTIVENESS IN SOFTWARE DEVELOPMENT

ORGANIZED BY

R&D Cell,

Bapatla Women's Engineering College, Bapatla

DATE: 1st March 2023

VENUE:

N-306,NEW-BLOCK

Bapatla Women's Engineering College,
Bapatla.

No Registration Fee

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 disciplines of Electronics and Communication Engineering, Artificial Intelligence and Machine Learning, Computer Science & Engineering,

VISION:

Bapatla Women's Engineering college has been established with forethought to organize the growing needs of higher technical education for women, in order to provide them a competitive edge and a unique niche in the society

We at BWEC are determined to create a conducive environment with updated technological inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge and skills required to make them globally competitive technocrats

MISSION:

- Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.
- We continuously try to maintain high standards so has to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT THE R&D CELL:

Bapatla Women's Engineering College is now focusing more on Research Programs and need-based technology. Accordingly, an independent R&D Cell has been established in the year to promote and monitor the research Programs of the college. The R&D cell has an advisory board with senior faculty members from Our Organisation. The objective of R & D Cell is to promote research activities among students and faculty as well as to provide a robust platform for sharing and implementing innovative and creative ideas to facilitate the exchange of information and interaction among the various research institutes and industries to develop skilled manpower in various engineering fields.

ABOUT THE PROGRAM:

Agile is a type of software development methodology that anticipates the need for flexibility and applies a level of pragmatism to the delivery of the finished product. Agile software development requires a cultural shift in many companies because it focuses on the clean delivery of individual pieces or parts of the software and not on the entire application.

OBJECTIVES OF THE PROGRAMME:

- ❖ To delve into the principles, practices, and effectiveness of Agile Methodologies in Software Development through research findings and empirical studies.
- ❖ To know about introduction of Agile Methodologies

TOPICS COVERED:

- ❖ Introduction to agile methodologies
- ❖ Empirical Research on Agile Practices
- ❖ Measuring Agile Effectiveness
- ❖ Agile Implementation & Project Management
- ❖ Challenges and Future Directions

COURSE OUTCOMES:

- ❖ Gained knowledge on how Agile Methodologies can be practically Implemented and managed within software development teams.
- ❖ Understand effectiveness of Agile Methodologies in software development through Research

Approved by AICTE – NewDelhi, Affiliated to Acharya Nagarjuna University
An ISO 9001:2015 Certified Institution

Mrs.P.Pratyusha shares information on ” **Researching Agile Methodologies and their Effectiveness in Software Development**”.

Outcomes of programme:

- Gained knowledge on how Agile Methodologies can be practically implemented and managed within software development teams.
- Understand effectiveness of Agile Methodologies in software development through Research.

CIRCULAR

All the students of I/IV, II/IV, III/IV & IV/IV B.Tech CSE, ECE & AIML Departments are hereby informed that BWEC R&D Cell is going to organize "A One Day Seminar on Awareness on IETE Membership" by Dr. B.RajaSekhar, Chairman, IETE, Vijayawada Center on 07-03-2023. So, students can attend and utilize the programme.

Time: 10:30 AM

Venue: Conference Hall-New Block

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering College has been established with forethought to organize the growing needs of higher technical education for WOMEN in order to provide them a competitive edge and a unique niche in the society. We at BWEC are determined to create a conducive environment with updated technology inputs and latest information to facilitate the Students with a pleasant feel in acquiring knowledge skills required to make them globally competitive technocrats.

MISSION:

M1: Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.

M2: We continuously try to maintain high standards so as to make them technologically competent ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT R&D Cell:

Bapatla Women's Engineering College is now focusing more on Research Programs and need-based technology. Accordingly, an independent R&D Cell has been established in the year ----to promote and monitor the research Programs of the college. The R&D cell has an advisory board with senior faculty members from Our Organisation.

The objective of R & D Cell is to promote research activities among students and faculty as well as to provide a robust platform for sharing and implementing innovative and creative ideas to facilitate the exchange of information and interaction among the various research institutes and industries to develop skilled manpower in various engineering fields

ABOUT THE PROGRAMME:

The Institution of Electronics and Telecommunication Engineers (IETE) is India's leading professional organization, dedicated to advancing expertise in electronics, telecommunications, and information technology. Offering diploma and degree programs, including AMIETE, equivalent to a bachelor's degree, IETE provides a solid foundation for successful careers. The institution's M.Tech programs, in Electronics Design, VLSI Design, and Telecommunication Systems, cater to those seeking advanced specialization. With a legacy since 1953, IETE is a vital contributor to India's technological landscape. Our diploma programs emphasize practical skills, ensuring graduates are industry-ready.

PROGRAMME OBJECTIVES:

- To create awareness among students regarding IETE and student membership.
- To make students plan and organize technical programmes and activities such as special lecture workshops, seminars etc.
- To counsel students regarding emerging new opportunities.

TOPICS COVERED:

- IETE and benefits of student membership.
- Building team-work and the spirit of self-reliance among students.
- New opportunities in the outside world.

OUTCOMES OF THE PROGRAM:

- More clarity and awareness on IETE membership.
- Gained valuable information on new opportunities regarding emerging technologies.
- Offered guidelines required to plan and organize technical programmes.

PROGRAMME REPORT

ProgrammeName	A One Day Seminar on "Awareness on IETE Membership"
Resource Person	Dr.B.RajaSekhar, Ph.D, SMIEEE, FIETE, FIE, MISTE, Chairman, IETE, Vijayawada Center.
Date of Activity	07-03-2023
Organized By	R&D Cell, Bapatla Women's Engineering College, Bapatla
Venue	Conference Hall-New Block

Objectives of the Programme

- To create awareness among students regarding IETE student membership.
- To make awareness among students plan and organize technical programmes and activities such as special lectures, workshops, seminars etc. under ISF

Topics Covered

- IETE and benefits of student membership.
- Building team-work and the spirit of self-reliance among students.
- How to conduct different programs under ISF
- Benefits of IETE among other memberships
- How to publish papers in IETE journals.

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering College has been established with forethought to organize the growing needs of higher technical education for WOMEN in order to provide them a competitive edge and a unique niche in the society. We at BWEC are determined to create conducive environment with update technology inputs and latest information to facilitate the Students with a pleasant feel in acquiring knowledge skills required to make them globally competitive technocrats.

MISSION:

M1: Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.

M2: We continuously try to maintain high standards so as to make them technologically competent ethically strong individuals whose shall be able to improve the quality of life and economy of our country.

ABOUT R&D Cell:

Bapatla Women's Engineering College is now focusing more on Research Programs and need-based technology. Accordingly, an independent R&D Cell has been established in the year 2021 to promote and monitor the research Programs of the college. The R&D cell has an advisory board with senior faculty members from Our Organisation.

The objective of R & D Cell is to promote research activities among students and faculty as well as to provide a robust platform for sharing and implementing innovative and creative ideas to facilitate the exchange of information and interaction among the various research institutes and industries to develop skilled manpower in various engineering fields.

ABOUT THE PROGRAMME:

A Career Development Programme typically focuses on enhancing skills, providing guidance, and offering resources to help individuals progress in their careers. It may include workshops, mentorship sessions, resume building, and networking opportunities. If you're organizing such an event, consider covering topics like goal setting, professional growth strategies, and industry trends. Tailor the content to address the needs and aspirations of the participants

PROGRAMME OBJECTIVES

- To create awareness among students on available career options after their graduation and guide them in choosing their career objectives.
- To make students identify the occupation matching their passion.
- To provide individuals with the information needed for self-exploration.

TOPICS COVERED:

- Strategic planning
- Networking opportunities
- Skill Enhancement
- Motivation and Confidence
- Career Resilience
- Actionable Takeaways

PROGRAMME REPORT

ProgrammeName	A One Day Seminar on Career DevelopmentProgramme
Resource Person	Dr. Jaya PrakashNarayana, I.A.S, Founder & President of LokSatta Party
Date of Activity	31-03-2023
Organized By	IQAC Cell, Bapatla Women's Engineering College, Bapatla
Venue	Conference Hall-New Block

Objectives of the Programme

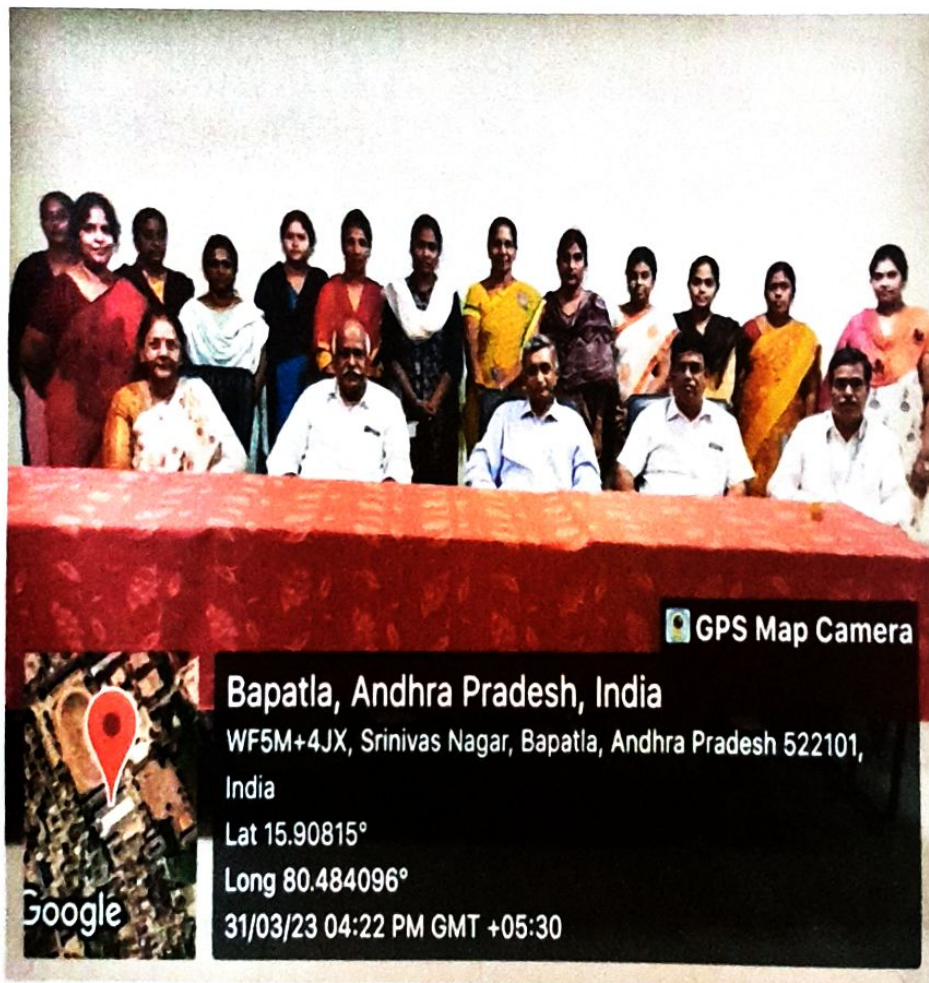

- To create awareness among students on available career options after their graduation and guide them in choosing their career objectives.
- To make students identify the occupation matching their passion.
- To provide individuals with the information needed for self-exploration.

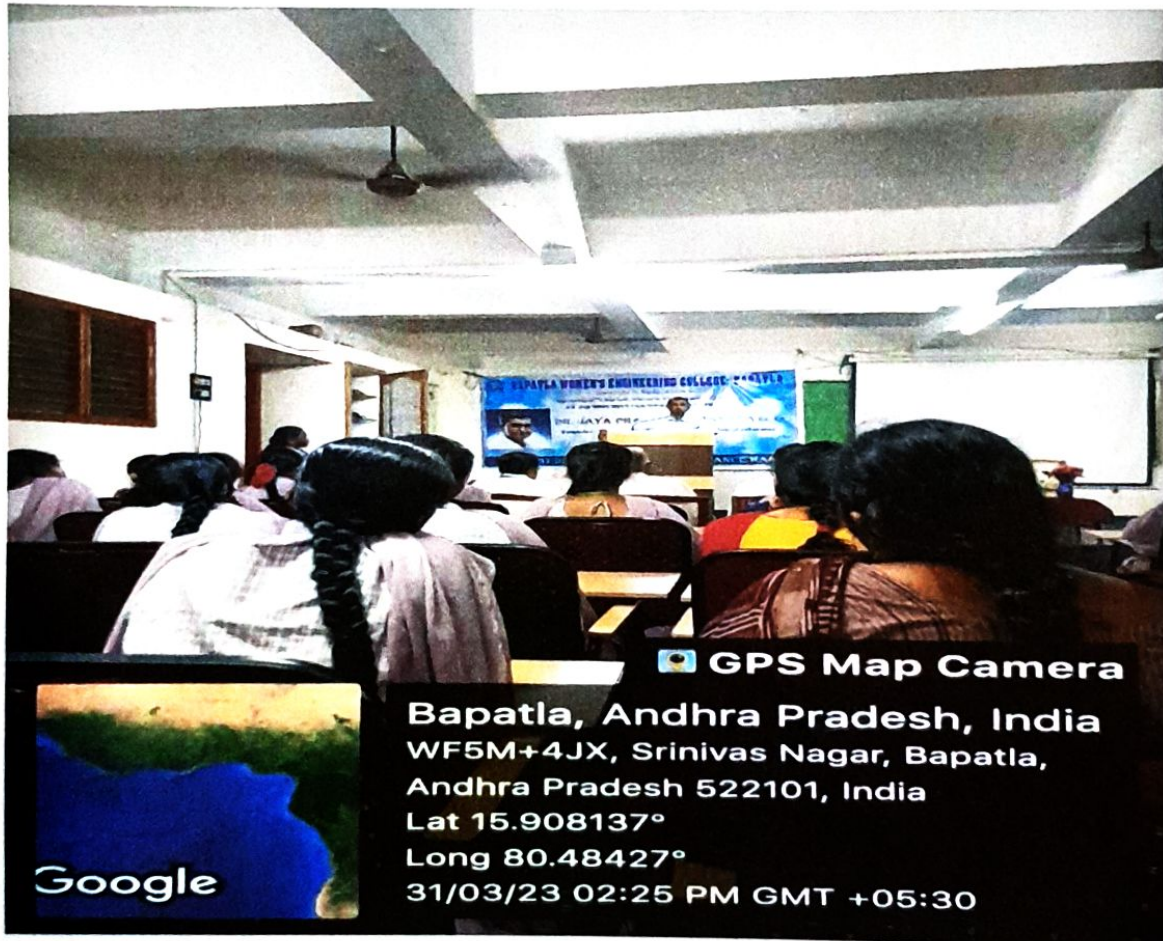

Topics Covered

- Choosing a career and selecting the work place to build one's career, Skill assessment and networking.
- Secondary education and Entrepreneurship.

Dr. Jaya PrakashNarayana, motivating students needed for self exploration

Dr. Jaya Prakash Narayana, interacting with students regarding their skill assessment, networking and Entrepreneurship.

Outcomes of the Programme:

- Attendees gained valuable information and knowledge on skill assessment and career design.
- Participants learnt to formulate a strategic career plan incorporating short-term and long-term goals, skill acquisition and professional development.
- Identification of one's skills and improve networking which helps to connect with industry professionals.

About the Institution :

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The College is located in Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. programmes in 3 faculties of Engineering- Computer Science & Engineering, Electronics & Communication Engineering and Artificial Intelligence & Machine Learning.

About the Department :

The Department of Computer Science and Engineering was established in the year 2009. The department consists of staff and students committed to excellence and success. The department gives exposure to its students not only the regular engineering curriculum but also aspirations of today's corporate world, by inculcating a professional attitude in them.

Since 2009, the department is consistently striving hard to offer a high quality, state-of-the-art education in computer science and engineering at an affordable cost. The department conducts various workshops on Big data, Cloud computing, Mobile App development, Advanced Java, Networking, Web Technologies and current trends. We as a team strive hard to take the department to height of success, glory and to achieve our vision.

Vision:

To be recognized as an exemplary leader committed to Excellence in education, research and innovation that meet the needs of the global community in computer science and engineering for women who are psychologically strong and have great ethical values.

Mission:

To produce globally competent graduates who have Adequate skills, highest ethical standards, social responsibility and values with a sense of professionalism.

To be dynamic, innovative and flexible in devising academic programs, structures and mechanisms.

To foster leadership qualities and professional behavior skills to enhance the performance of the graduates.

A SEMINAR
ON

"INTRODUCTION TO QUANTUM COMPUTING"

APRIL 12 , 2023

ORGANIZED
BY

DEPARTMENT OF CSE

**BAPATLA WOMEN'S
ENGINEERING COLLEGE
BAPATLA**

(Approved by AICTE -New Delhi,
Affiliated to Acharya Nagarjuna University
An ISO 9001 : 2015 Certified Institution)

Objectives of the programme:

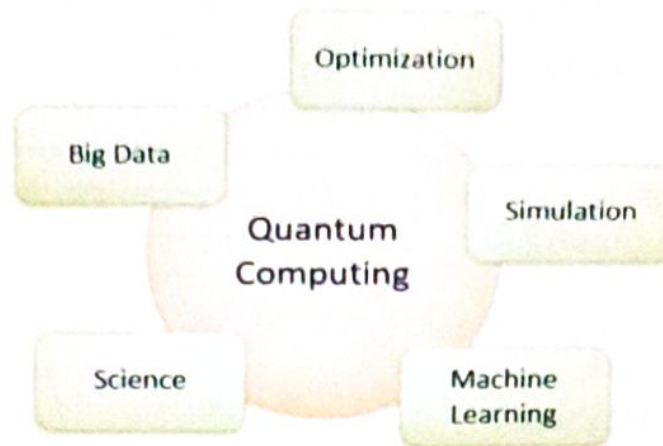

This seminar can be a great opportunity for students to explore the fascinating world of quantum computing and its potential impact on various fields.

- To Speeding up Computation
- To Factoring Large Numbers
- To Simulating Quantum Systems
- Improved Cryptography
- Healthcare Applications

Topics :

Contents of the Seminar would touch upon the following aspects:

- Introduction to Quantum Mechanics
- Quantum Bits (Qubits)
- Quantum Algorithms
- Applications of Quantum Computing
- Current Challenges and Future Directions

PROGRAMME REPORT

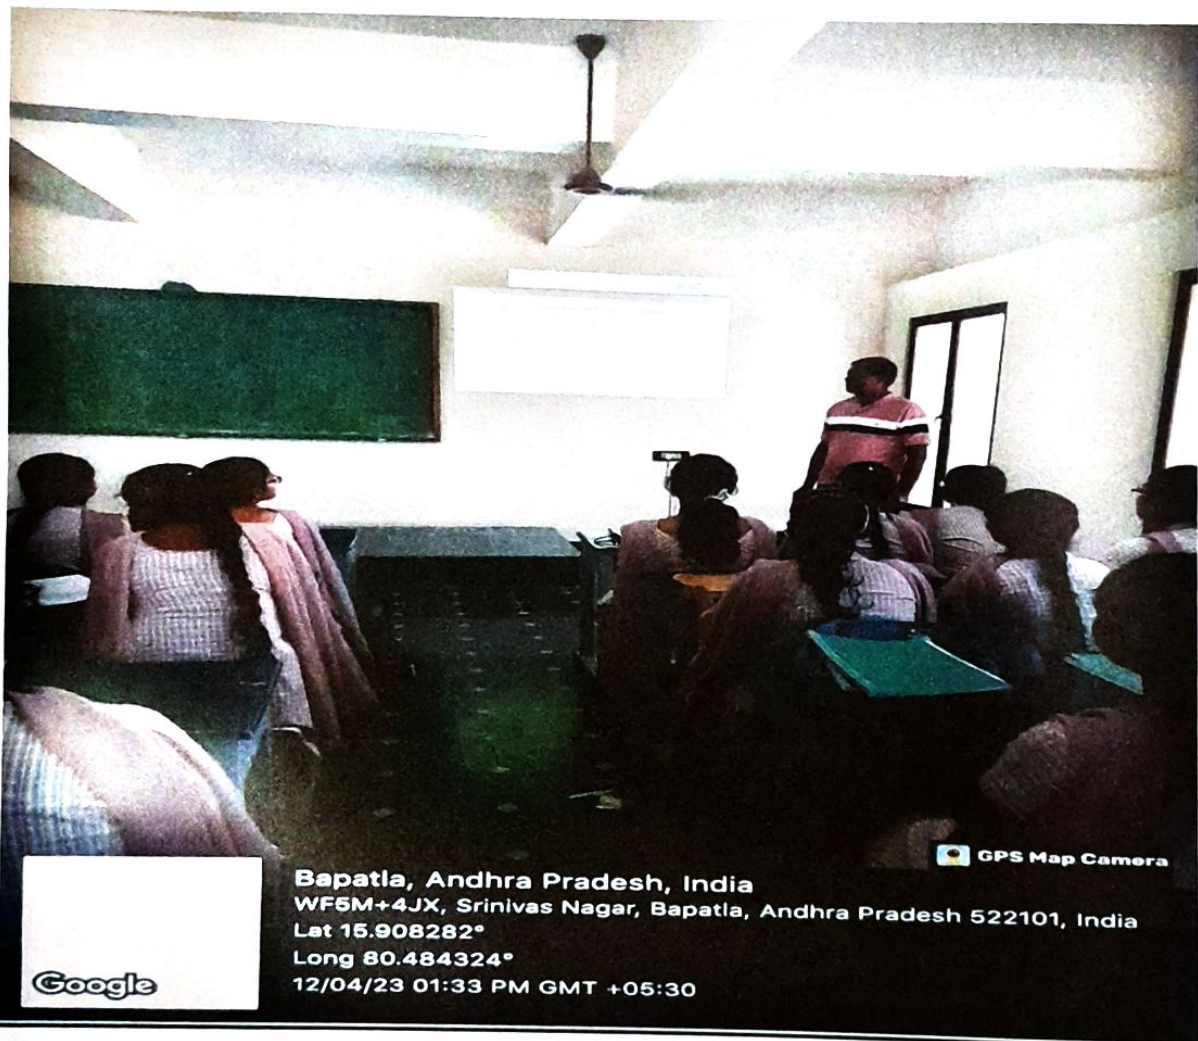

Programme Name	A Seminar on "Introduction to Quantum Computing"
Resource Person	Dr. V. Balaji M.Tech, Ph.D. Assistant Professor, ANU, Guntur. Email : v12.balagi@gmail.com +91 9849551990
Date of Activity	12.04.2023
Organized By	Bapatla Women's Engineering College, Bapatla
Venue	New Block Room.No-323

Objectives of the programme:

- To Speeding up Computation
- To Factoring Large Numbers
- To Simulating Quantum Systems
- Improved Cryptography
- Healthcare Applications

Topics covered:

- Introduction to Quantum Mechanics
- Quantum Bits (Qubits)
- Quantum Algorithms
- Applications of Quantum Computing
- Current Challenges and Future Directions

Outcomes of programme:

Participants gain a foundational understanding of the fundamental principles of quantum computing, including the unique characteristics of quantum bits (qubits), superposition, and entanglement. This knowledge will provide a solid groundwork for comprehending the quantum algorithms introduced during the seminar, such as Shor's and Grover's algorithms, allowing participants to grasp their potential applications and transformative capabilities.

BAPATLA WOMEN'S ENGINEERING
COLLEGE
BAPATLA

DATE: 24-04-2023 TO 28-04-2023

NO REGISTRATION FEE

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 disciplines of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering college has been established with forethought to organize the growing needs of higher technical education for women, in order to provide them a competitive edge and a unique niche in the society

We at BWEC are determined to create a conducive environment with updated technological inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge and skills required to make them globally competitive technocrats

MISSION:

- Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.
- We continuously try to maintain high standards so as to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT R&D CELL

Bapatla Women's Engineering College is now focusing more on Research Programs and need-based technology.

Accordingly, an independent R&D Cell has been established in the year to promote and monitor the research Programs of the college. The R&D cell has an advisory board with senior faculty members from Our Organisation. The objective of R & D Cell is to promote research activities among students and faculty as well as to provide a robust platform for sharing and implementing innovative and creative ideas to facilitate the exchange of information and interaction among the various research institutes and industries to develop skilled manpower in various engineering fields.

ABOUT THE WORKSHOP:

To protect the information and information infrastructure in cyberspace, build capabilities to prevent and respond to cyber threats reduce vulnerabilities and minimize damage from cyber incidents through a combination of institutional structures, people, processes, technology and cooperation

The goal of cyber security is to ensure secure storage control access and prevent unauthorized processing transfer or deletion of data. It safeguards the confidentiality integrity and availability of information

OBJECTIVES OF THE PROGRAM :

- To understand various kinds of Ethical Hacking & Cyber Security attacks and secure themselves from various kinds of E-mails, social media system servers and mobile attacks /hacking.
- To learn various kinds of Web Application attacks and different Malwares and to patch them to produce a secure web application.
To be aware of different security architectures of mobile platforms etc.

TOPICS COVERED:

DAY1:

- Introduction to cyber security
- Basics of networking and sniffing.

DAY2:

- Virtualization, Steganography & amp; Cryptography
- Windows Login By pass-Generel & amp; Advanced.

DAY3:

- Methods (User Access Control Bypass for Privilege Escalation)
- Basic attacks and security.

DAY4:

- Malwares - Virus, Worms, Trojans, Botnets, Ransom wares.
- Google for tracking Using Various Operators of Google.
- How data are recovery works.

DAY5:

- Wireless attacks and web application attacks.
- Cyber Laws & amp; Security.

PROGRAM OUTCOMES:

- Understand, perform and secure themselves from various kinds of Ethical Hacking & Cyber Security attacks and various kinds of web application attacks and will be able to patch them to produce a secure web application.
- Secure themselves from various kinds of E-mails, social media, mobile attacks/hacking
- Gained knowledge on Security Architecture of Mobile Platforms etc.

PROGRAMME REPORT

ProgrammeName	"A Five days Hands-on Boot Camp on Ethical Hacking and Cyber Security & Next followed by a 7HRS Hackathon".
Resource Person	Mr. Ch. Santosh, CEO, Supraja Technologies, Vijayawada.
Date of Activity	24-04-2023 to 28-04-2023
Organized By	R&D Cell, Bapatla Women's Engineering College, Bapatla
Venue	Conference Hall-New Block

Objectives of the Programme:

- To understand various kinds of Ethical Hacking & Cyber Security attacks and secure themselves from various kinds of E-mails, social media system servers and mobile attacks /hacking.
- To learn various kinds of Web Application attacks and different Malwares and to patch them to produce a secure web application.
- To be aware of different security architectures of mobile platforms etc.

Topics Covered:

DAY1:

- Introduction to cyber security
- Basics of networking and Sniffing.

DAY2:

- Virtualization, Steganography & Cryptography
- Windows Login By pass-General & Advanced.

Off:08643-220922: Fax:08643-220977: E-mail:bwecbapatla@gmail.com

DAY3:

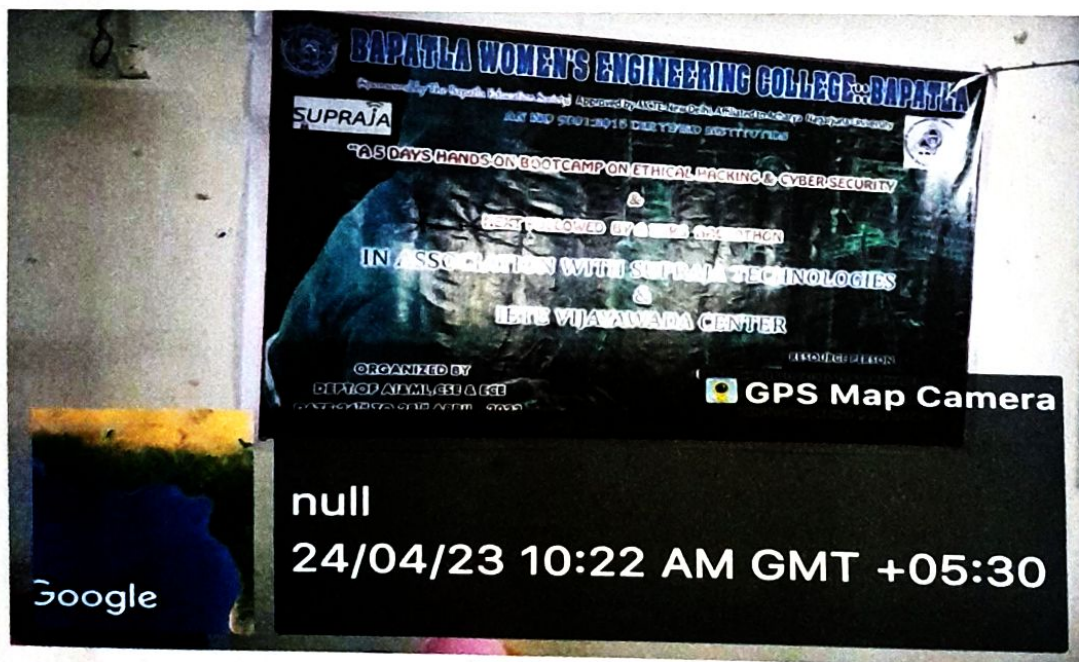

- Methods(User Access Control Bypass for Privilege Escalation).
- Basic attacks and security.

DAY4:

- Malwares – Virus, Worms, Trojans, Botnets, Ransom wares.
- Google for hacking Using Various Operators of Google.
- How data are recovery works.

DAY5:

- Wireless attacks and web application attacks.
- Cyber Laws & Security.

Mr. Ch. Santosh, sharing knowledge and information regarding “Ethical Hacking and Cyber Security & Next followed by a 7HRS Hackathon”.

Outcomes of the Programme:

- Understand, perform and secure themselves from various kinds of Ethical Hacking & Cyber Security attacks and various kinds of web application attacks and will be able to patch them to produce a secure web application.
- Secure themselves from various kinds of E-mails, social media, mobile attacks/hacking
- Gained knowledge on Security Architecture of Mobile Platforms etc.

ORGANIZED BY

R & D CELL,

**BAPATLA WOMEN'S ENGINEERING
COLLEGE, BAPATLA**

4th May, 2023

NO REGISTRATION FEE

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 disciplines of Electrical and Electronics Engineering, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering college has been established with forethought to organize the growing needs of higher technical education for women, in order to provide them a competitive edge and a unique niche in the society

We at BWEC are determined to create a conducive environment with updated technological inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge and skills required to make them globally competitive technocrats

MISSION:

- Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.
- We continuously try to maintain high standards so has to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT THE R & D CELL

Research and Development cell was established at BWEC to inculcate research and innovative skills among faculty and students.

R&D Cell provides a platform for creativity and innovation to flourish young minds in Institute. Innovative breakthroughs will happen only because of meticulous efforts of R&D. The R&D cell has an advisory board with senior faculty members from Our Organisation .The cell manages all the research Programs of the college by monitoring and coordinating the research Programs .It facilitates interaction with external agencies for funded R&D projects and also promotes and manages Institute-Industry interaction.

ABOUT THE PROGRAM:

Cryptography is the practice of using mathematical algorithms and protocols to secure communications and prevent unauthorized access to information. It involves the use of techniques such as encryption ,decryption, and hashing to protect information from being accessed by unauthorized parties .Encryption is the process of converting plaintext, or unencrypted information, into cipher text, or encrypted information, using an encryption algorithm and a secret key. The cipher text can then be encrypted using the same key to recover the original plaintext. This allows sensitive information to be transmitted securely over networks, such as the internet, without being intercepted and read by unauthorized parties.

OBJECTIVES OF PROGRAMME

- ❖ To know about the principles, theories, and applications of Quantum Cryptography.
- ❖ To discuss recent advancements and breakthroughs in the field of Quantum Cryptography.

TOPICS COVERED:

- Introduction to Quantum Cryptography
- Quantum Key Distribution (QKD)
- Quantum Cryptographic Protocols
- Challenges and Solutions
- Post-Quantum Cryptography

OUTCOMES OF PROGRAMME:

- ❖ Understand Quantum Cryptography and Secure Communication.
- ❖ Awareness on the principles of underlying Quantum Cryptography.
- ❖ Gained knowledge on research opportunities in the field of Quantum Cryptography .

PROGRAMME REPORT

Programme Name	A one day research seminar on” Quantum Cryptography & Secure Communication ”.
Resource Person	Mrs.K.Bhagy Rani, Asst.Prof, ECE Department, Chirala Engineering College , Chirala.
Date of Activity	04/05/2023
Organized By	R&D cell, Bapatla Women's Engineering College, Bapatla
Venue	N-306

Objective of the programme:

- To know about the principles, theories, and applications of Quantum Cryptography.
- To discuss recent advancements and breakthroughs in the field of Quantum Cryptography.

Topics covered:

- Introduction to Quantum Cryptography
- Quantum Key Distribution (QKD)
- Quantum Cryptographic Protocols
- Challenges and Solutions
- Post-Quantum Cryptography

(ESTD.2009)

Bapatla Women's Engineering College

BAPATLA-522101. Bapatla(Dist,),A.P.

(Sponsored by The Bapatla Education Society)

Approved by AICTE – NewDelhi, Affiliated to Acharya Nagarjuna University
An ISO 9001:2015 Certified Institution

Mrs.K.Bhagya Rani shares knowledge on ” **Quantum Cryptography & Secure Communication**”.

Outcomes of programme:

- Understand Quantum Cryptography and Secure Communication.
- Awareness on the principles of underlying Quantum Cryptography.
- Gained knowledge on research opportunities in the field of Quantum Cryptography .
