About the College:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai- Vijayawada rail route. The college offers B.Tech. Programs in 3 disciplines of Electrical and Electronics Engineering, Computer Science & Engineering, Electronics and Communication Engineering.

Vision

Bapatla Women's Engineering college has been established with forethought to organize the growing needs of higher technical education for women, in order to provide them a competitive edge and a unique niche in the society. We at BWEC are determined to create a conducive environment with updated technological inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge and skills required to make them globally competitive technocrats

Mission

M1. Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.

M2. We continuously try to maintain high standards so has to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country.

About the Department

The ECE department was established in the year 2009 with 60 intakes, now it increases to 120. Department has highly qualified and experienced faculty members provide excellent instruction and supervision to the Students. Department has good state of art laboratories are equipped. It emphasizes teaching and research in the areas of design, study, and testing of electronic equipment as well as technological concerns pertaining to computer systems, electronics, and other related industrial fields as well as telecommunications systems

About the Program

This program aims to create awareness among the administrative staffs about the various new methodologies of effective data storage. As data become more important for any organization, Digitalization of Data becomes an integral part of storage. This program gives an idea about how to back up files for safekeeping and quick recovery in the event of an unexpected computing crash or cyber attack. This program will be an eye opener to consider Data Storage in terms of reliability and how robust the security features tend to be and the cost to implement and maintain the infrastructure. Understanding different data storage solutions and applications can help us to arrive at the choice that is the best fit for our needs.

PROGRAM REPORT

A one day Administrative Training Program on "BE SECURED VIA DIGITAL-AN EFFECTIVE WAY TO STORE DATA ON COMPUTER" on 16-11-2020 at N-101, New Block has been successfully completed by the Department of Electronics and Communication Engineering, Bapatla Women's Engineering College.

The following members are invited as the Resource Persons for the program:

MRS.P.NAVABHANU,ASSISTANT PROFESSOR,DEPARTMENT OF CSE,BWEC

Convenor: Mrs.B.Siva Kumari, Assistant Professor, Department of ECE

The Resource Persons have shared his knowledge about how to store data on computer and how to protect them during emergency. A total of 09 faculty have been participated in the program

OBJECTIVES OF THE PROGRAM

- 1.This program aims to create awareness among the administrative staffs about the various new methodologies of effective data storage
2. This program gives an idea about how to back up files for safekeeping and quick recovery in the event of an unexpected computing crash or cyber attack

OUTCOMES OF THE PROGRAM

- This program was an eye opener to consider Data Storage in terms of reliability and how robust the security features tend to be and the cost to implement and maintain the infrastructure.
- Participants Understood that different data storage solutions and applications can help them to arrive at the choice that is the best fit for their needs.

PROGRAM REPORT

A one week Faculty Development Program on “**WOMEN HEALTH AS A ROOT FOR SOCIETY EMPOWERMENT**” from **23-11-2020** to **27-11-2020** at N-302, New Block has been successfully completed by the Department of Electronics and Communication Engineering, Bapatla Women's Engineering College.

The following members are invited as the Resource Persons for the program:

1.Dr.RAMYA, UPHC CENTER,BAPATLA

2.Mrs.K.KRISHNA KUMARI, ASSISTANT PROFESSOR(S&H) & NSS PROGRAM OFFICER,BWEC

Convenor: Mrs.G.Divya, Asst.Prof ,ECE Dept.

The Eminent Resource Persons have expressed the importance of Women Health and all the participants raised various questions in interactive sessions and got awareness about their hormonal and menstrual health.They exhibit happiness for the program being their eye opening session towards their personal health.

OBJECTIVES OF THE PROGRAM

1. To promote the adoption of healthy active physical lifestyle and educating them about frequent health issues and managing stress both in work as well as personal life.
2. To provide education and training for women to guide those who approach them with accurate and right information
3. To update knowledge and give training to individuals who are already in healthcare and allied services

OUTCOMES OF THE PROGRAM

- The program created a awareness about the women health and various women related health issues.
- The program introduced ideas about how to manage personal mental and professional life successfully.

Total of 53 Faculty members have participated in the FDP.

CIRCULAR

The Department of Electronics and Communication Engineering is organizing a One Week Faculty Development Program (FDP) on "IoT & EMBEDDED SYSTEM" from 8thDec,2020 to 12thDec,2020.The FDP will be delivered by Eminent Speakers.

Hence All the Faculty members are requested to register and attend the program without fail.

Venue: Conference Hall, New Block

Note: The Program Schedule and Brochure are enclosed

About the Department

The ECE department was established in the year 2009 with 60 intakes, now it increases to 120. Department has highly qualified and experienced faculty members provide excellent instruction and supervision to the Students. Department has good state of art laboratories are equipped. It emphasizes teaching and research in the areas of design study, and testing of electronic equipment as well as technological concerns pertaining to computer systems, electronics, and other related industrial fields as well as telecommunications systems

Vision

To be recognized by the society at large as a full fledged department, offering quality higher education in the Electronics and Communication Engineering field with research focus catering to the needs of the public and staying in tune with the advancing technological revolution and challenging cultural changes.

Mission

- M1.To provide Quality education in the field of Electronics and Communication Engineering through the learning of ethics to its students
- M2.To create sound technocrats in professional engineering leading them towards growth and development promoting the academic research & development
- M3.To showcase adaptability in fields of technical knowledge through the academic infrastructure based on state of the art along with industry based training
- M4.Promote the establishment of centres of excellence in niche technology areas to nurture the spirit of innovation and creativity among faculty and students
- M5. Enable students to develop skills to solve complex technological problems of current times and also provide framework for promoting collaborative and multidisciplinary activities.

About The College

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km.south of Vijayawada on Chennai- Vijayawada rail route. The college offers B.Tech. Programs in 3 disciplines of Electrical and Electronics Engineering, Computer Science & Engineering Electronics and Communication Engineering.

Scope of the Program

The scope of the course is to let the participants be introduced to the fundamental aspects of IoT and how the components are integrated on Arduino with IoT. They will also learn programming Node MCU with Arduino Platform and also know about the Task Synchronization and methods to choose RTOS wireless module(Wifi,Bluetooth,GPR,GSM),NFC/RFID and their integration with Arduino. They will be able to develop an application using Arduino and Raspberry Pi .They will also be able to understand the basics of home automation using Bluetooth.

Objectives of the program.

1. To make the participants gain knowledge about basics of IoT and embedded system
2. To inculcate them with the basics of RasberryPi and Armware
- 3.To give them idea about various application of IoT

PROGRAM REPORT

A one week Faculty Development Program on “IoT & Embedded Systems” from 08-12-2020 to 12-12-2020 at Conference Hall, New Block has been successfully completed by the Department of Electronics and Communication Engineering, Bapatla Women's Engineering College.

The following members are invited as the Resource Persons for the program:

- 1.Dr.G.Srinivasa Rao, Professor ,Department of ECE, Narasaraopeta Engineering College,
- 2.Mr.M.PardhaSaradhi, Assistant Professor Department of Mechanical Engineering, Bapatla Engineering college
- 3.Mr.C.Sudhakar Reddy, Embedded Developer, SRC-E solutions, Vijayawada

Convenor: Mrs.G.KALYANI,Assistant Professor, Department of ECE

The Eminent Resource Persons have shared their knowledge about various domains in IoT & Embedded Systems. The participants gained knowledge about emerging new research areas in Embedded and IoT . A total of 21 faculty have been participated in the program

OBJECTIVES OF THE PROGRAM

- 1.To make the participants gain knowledge about basics of IoT and embedded system
- 2.To inculcate them with the basics of RaspberryPi and Armware
3. To give them idea about various application of IoT
- 4.To aware the participants with different research areas in Embedded
- 5.To provide the idea about automation

OUTCOMES OF THE PROGRAM

- 1.Participants would be familiar with IoT & Embedded systems and applications
- 2.They would be able to work with various sensors and actuators.

(ESTD. 2009)

(Sponsored by The Bapatla Education Society)

Approved by AICTE-New Delhi, Affiliated to Acharya Nagarjuna University
an ISO 9001 : 2015 Certified Institution

- 3.They would be able to design an system using Bluetooth module.
- 4.They will understand how to integrate IoT with existing systems and the challenges associated with it.
- 5.They will get awareness about IoT and Embedded based research
