DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Date: 02.11.2018

CIRCULAR

The Department of Computer Science and Engineering (CSE) is organizing five days Faculty Development Program on "MICROSOFT AZURE" from 13th November to 17th November 2018.

Hence, all the faculty members are requested to register and attend the program without fail.

VENUE: Conference Hall, Old block, BWEC

NOTE: The program schedule and brochure are enclosed.

Objective:

This course will provide foundational-level knowledge of cloud services and how those services are provided with Microsoft Azure. The course can be taken as an optional first step in learning about cloud services and Microsoft Azure, before taking further Microsoft Azure or Microsoft cloud services courses. The course will cover general cloud computing concepts, as well as general cloud computing models and services, such as Public, Private and Hybrid cloud, and Infrastructure-as-a-Service (IaaS), Platform-as-a Service (PaaS), and Software-as-a-Service (SaaS). It will also cover some core Azure services and solutions, as well as key Azure pillar services concerning security, privacy, compliance, and trust. It will finally cover pricing and support services available with Azure.

(ESTD.2009)

Bapatla Women's Engineering College

BAPATLA-522101.Guntur (Dist.), A.P.

Approved by AICTE-New Delhi. Affiliated to Acharya Nagarjuna University

About The FDP:

The Faculty Development Program is organized with a vision to enhance the technical and practical aspects of fundamental and advanced subjects of engineering technology which play a vital role in making the roots of education stronger. This program is about "MICROSOFT AZURE", 13th - 17th November, 2018 was conducted in association with Department of Computer Science and Engineering, BAPATLA WOMEN'S ENGINEERING COLLEGE, BAPATLA. It all begun with the decision of HOD, Department of CSE, that department will conduct FDP on "MICROSOFT AZURE". Mrs. N. Kavitha who was also the in charge principal at that time. Mrs. N. Kavitha interacted with the resource person as well as coordinator to get formal permission.

Outcome:

Faculty members enriched their knowledge on the MICROSOFT AZURE. It will also cover some core Azure services and solutions, as well as key Azure pillar services concerning security, privacy, compliance, and trust. It will finally cover pricing and support services available with Azure.

Total No. of Participants: 49

PROGRAM REPORT

Name of The Program : A Five day FDP on "OUTCOME BASED EDUCATION,
BLOOM'S TAXONOMY"

Organized By : Department of Computer Science and Engineering

Date(s) : 22.04.2019 TO 22.04.2019

Resource Person(s): 1) **Dr. D.C.V. Lakshmi**
Assistant Professor, Department of English
Bapatla Engineering College
cvltutu@gmail.com
+919948097542

2) **Mrs. P. Nagalakshmi**
Assistant Professor, Department of EEE
Bapatla Women's Engineering College
nagalakshmi.ponnuri@gmail.com
+919246467804

Objective:

The outcome based education is a target-oriented education, imparting and achieving desired results at the end. This Faculty Development Programme is specifically designed to discuss, deliberate and come up with outcome based teaching-learning methods (OBE). The FDP will help the academicians in the restructuring of curriculum, pedagogy and assessment practices for the achievement of high-order learning outcomes. Hence, this is an excellent opportunity for early-career academicians and doctoral students to evolve and learn different teaching styles and assessments methods that help students in achieving their desired targets. Bloom's Taxonomy is a set of three hierarchical models used to classify educational learning objectives into levels of complexity and specificity. The three lists cover the learning objectives in cognitive, affective and sensory domains.

(ESTD.2009)

Bapatla Women's Engineering College

BAPATLA-522101.Guntur (Dist.), A.P.

(Sponsored by The Bapatla Education Society)

Approved by AICTE-New Delhi, Affiliated to Acharya Nagarjuna University

About The FDP:

The Faculty Development Program is organized with a vision to enhance the technical and practical aspects of fundamental and advanced subjects of engineering technology which play a vital role in making the roots of education stronger. This program is about “**OUTCOME BASED EDUCATION, BLOOM'S TAXONOMY**”, 22nd - 26th April, 2019 was conducted in association with Department of Computer Science and Engineering, BWEC, Bapatla. It all begun with the decision of HOD, CSE that department will conduct FDP on **OUTCOME BASED EDUCATION, BLOOM'S TAXONOMY**. Mrs. N. Kavitha, who was also the In-charge principal at that time. Mrs. N. Kavitha interacted with the resource person as well as coordinator to get formal permission. In this FDP the faculty must be trained in formulation of learning outcomes at course level, unit level and class session level. The faculty must be trained in the Outcome-based, students- centered teaching- learning strategies and instructional design.

Outcome:

As a resultant outcome of the FDP, the participants are able to

- Explain Bloom's taxonomy of learning levels in the three domains of learning, Cognitive, Psychomotor and Affective domains
- Formulate the learning outcomes for one unit of the course, being taught by them in the Cognitive domain
- Explain the modern student-centered and outcome-based teaching-learning strategies in order to enhance the quality of Science and Engineering Education
- Formulate the Instructional Design by integrating the active learning strategies
- Explain the outcome-based assessment strategies in order to enhance the quality of Science and Engineering Education

Total No. of Participants: 72

About The Institution :

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The College is located in Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Engineering- Computer Science & Engineering, Electronics and Communications and Artificial Intelligence & Machine Learning Engineering.

About the Department:

Department of Computer Science and Engineering has been successfully functioning since 2009. It offers B.Tech (Computer Science and Engineering).

Department of CSE has good interactions and MOUs with leading technology domain Training & Development Industries. It organizes Symposia, Exhibitions, Conferences, Seminars and Workshops for both students and Faculty belonging to various Technical Educational Institutions, Research Scholars of Research Institutes and Industries all over India.

Scope of the programme:

Our present teaching learning processes are geared towards old Input-based model rather than new Outcomes-based model. Main objective of this FDP is to educate the young as well as senior faculty members on how to reorient their teaching learning processes to implement OBE. Bloom's Taxonomy was developed to provide a common language for teachers to discuss and exchange learning and assessment methods. In this session explain about the concept of six cognitive level of thinking and how an educator can achieve the goal. This FDP has given a road map to the faculties in developing the framework for organizing.

Programme Objective:

- To create awareness among faculty members about Outcome Based Education System and institutionalizing of NEP research based guidelines
- To help understand the philosophy and implementation of OBE in teaching-learning system and assessment of students
- To use various innovative teaching learning methods to improve student engagement and learning outcomes.
- Conveniently Bloom's Taxonomy provides lots of related verbs that provide a helpful way of education to plan lessons. Verb tables have been created to align with each of these levels.

PROGRAM REPORT

Name of the Program: One Day Training Program on "BASIC COMPUTER SKILLS"

Organized By: Department of Computer Science and Engineering

Date: 29.03.2019

Resource Person: P. Nava Bhanu

Assistant Professor, Department of CSE

Bapatla Women's Engineering College

bhanu5flery@gmail.com

+918686887045

Objective:

Basic computer skills refer to the ability to use computers and related technology to perform fundamental tasks. Using these skills, you can make presentations, work with application software, access databases, communicate with team members and create beautiful designs. The type of computer skills you use depends on your job role and industry. The course guides them to use computer system and the internet in a secure and effective manner. This course primarily focuses on the practical approach rather than a theoretical one and is designed for absolute beginners with little or no prior knowledge of computer systems.

Proficiency with computer skills and technology is increasingly important in today's workplace. As we depend more on software, it's necessary to have a training program that helps employees develop basic computer skills and stay updated for new technologies.
