CIRCULAR

It is to inform that The Department of Electronics and Communication Engineering is organizing a One Week Faculty Development Program(FDP) on "Advanced VLSI Physical Design and Verification" from 5thDec,2022 to 9thDec,2022. Hence All the Faculty members are requested to register and attend the program without fail.

The FDP will be delivered by Eminent Speakers.

Venue: Conference Hall, New Block

Note: The Program Schedule and Brochure are enclosed

Convenor: Mrs. B.MAHALAKSHMI

Assistant Professor,

Department of ECE

Bapatla Women's Engineering College, Bapatla.

About the Department

The Department of Electronics and Communication Engineering was established in the year 2009. The department has a number of well-equipped laboratories and provides extent facilities for learning. The department periodically conducts workshops, seminars for both staff and students. The existing department is having state of the art laboratories to gain good knowledge in the field of Electronics, Communication, Microwave, VLSI, DSP, Image Processing, and Micro Processors & Micro Controllers.

Vision

To produce highly professional and socially responsible women engineers through world class quality technical education and research to meet industry needs in the field of Electronics and Communication Engineering.

Mission

- M1. To inculcate quality education for women through innovative learning practices with the use of modern tools.
- M2. To impart professional ethics and moral values through co-curricular and Extra-curricular activities as individual and team member.
- M3. Empowering students through industrial trainings/on-job training in collaboration with industries with-a-view to life-long learning.

About the College

Bapatla Women's Engineering College established in the year 2009, exclusively for women with the approval of government of Andhra Pradesh AICTE and affiliated to Acharya Nagarjuna University, Guntur. The college started its journey with the vision of "Upliftment of the status of women through quality education" and has since committed itself to provide education at an affordable cost to the girls and women in various technical courses, encompassing the facilities of the state-of-art laboratories. The college stands as an inspiration of knowledge for the future women leaders of the nation.

Scope of the Program

The main scope of the program is to introduce the participants with the basic knowledge about verification and physical design. They will learn about creating the layout of the IC, and VLSI verification as the process of checking the functions of IC and they gain knowledge about how to place and route transistors, interconnects, and other components on the substrate to create a functional IC.

Objectives of the program

1. To discuss the ideas about basic design and verification methodologies with the participants
2. To give them an idea about floor planning, Timing analysis, placement and routing
3. To provide various low power design methodologies
4. To give them various research area in physical design and verification domain

A ONE WEEK FACULTY DEVELOPMENT PROGRAM on

"ADVANCED VLSI PHYSICAL DESIGN AND VERIFICATION"

5-12-2022 to 9-12-2022

Organized by

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

BAPATLA WOMEN'S ENGINEERING COLLEGE

Sponsored by Bapatla Education Society

An ISO 9001:2015 Certified Institution

Approved by AICTE,

Affiliated to Acharya Nagarjuna University, Guntur

CHIEF PATRONS

1. Sri. Muppalaneni Srinivasa Rao
President, Bapatla Education Society
2. Sri.Doppalapudi Rama Mohan Rao
Vice-president-I, Bapatla Education Society
3. Sri.Gelli dileep Kumar
Vice-president-II, Bapatla Education Society
- 4.Sri.Manam Nageswara Rao
Secretary, Bapatla Education Society
- 5.Sri.Kommineni Hari Padma Prasad
Joint Secretary, Bapatla Education Society
6. Sri.Talluri Rama Krishna Rao
Treasurer, Bapatla Education Society

PATRON

Dr.G.SrinivasaRao, Professor, Principal

CONVENER

Mrs.B.MahaLakshmi,Asst.Professor &
Head, ECE Dept.

CO-CONVENER

Mrs.R.Lavanya, Asst.Professor, ECE Dept.

ORGANIZING COMMITTEE

Ms.T.Sowmya, Asst.Prof., ECE Dept.
Mrs.R.Loganya, Asst.Prof., ECE Dept.

ADVISORY COMMITTEE

Mrs.G.Krishnaveni , Asst.Prof., ECE Dept.
Mrs.B.Sivakumari , Asst.Prof., ECE Dept.
Mrs.P.Maadhurya , Asst.Prof., ECE Dept.
Mrs.P.SriHaritha , Asst.Prof., ECE Dept.

REGISTRATION DETAILS

Registration fee:Rs.500 per participant.

Spot Registration is available

HOW TO REACH

The college is located in the
Karlapalem road which is 3km from
Bapatla bus stand and Bapatla
Railway station. Frequent bus and
auto facilities available.

PROGRAM REPORT

A one week Faculty Development Program on “**Advanced VLSI Physical Design and Verification**” from **05-12-2022** to **09-12-2022** at Conference Hall, New Block has been successfully completed by the Department of Electronics and Communication Engineering, Bapatla Women's Engineering College.

The following members are invited as the Resource Persons for the program:

- 1.Dr.S.Muralikrishna, Professor,Dept of ECE, Bomma Institute of Technology and Science
- 2.Dr.J.Chandrasekhara Rao,Associate Professor,Dept. of ECE , Bapatla Engineering College.
- 3.Mr.V.Govinda Rao,Microlink Information Technologies,Vijayawada

Convenor: Mrs.B.Mahalakshmi, Assistant Professor, Department of ECE

The Eminent Resource Persons have shared their knowledge about various VLSI testing methodologies. Routing, Floor planning ,BIST techniques and their latest developments. The latest research possibilities in VLSI has been shared with the participants. A total of 39 faculty have been participated in the program

OBJECTIVES OF THE PROGRAM

- 1.To discuss the ideas about basic design and verification methodologies with the participants
- 2.To give them an idea about floor planning, Timing analysis, placement and routing
- 3.To provide various low power design methodologies
- 4.To give them various research areas in physical design and verification domain

Bapatla Women's Engineering College

OUTCOMES OF THE PROGRAM

- The participants has been introduced with the basic knowledge about verification and physical design.
- They learned about creating the layout of the IC, and VLSI verification as the process of checking the functions of IC .
- They gained knowledge about how to place and route transistors, interconnects, and other components on the substrate to create a functional IC.

About the College

Bapatla Women's Engineering College established in the year 2009, exclusively for women with the approval of government of Andhra Pradesh AICTE and affiliated to Acharya Nagarjuna University, Guntur. The college started its journey with the vision of "Upliftment of the status of women through quality education" and has since committed itself to provide education at an affordable cost to the girls and women in various technical courses, encompassing the facilities of the state-of-art laboratories. The college stands as an inspiration of knowledge for the future women leaders of the nation.

Vision

BWEC has been established with forethought to organize the growing needs of higher technical education for WOMEN, in order to provide them a competitive edge and a unique niche in the society. We at BWEC are determined to create a conducive environment with updated technological inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge and skills required to make them globally competitive technocrats.

Mission

M1. Our mission is to impart the quality education on par with global standards to the students from all over India and in particular those from local and rural areas.

M2. We continuously try to maintain high standards so as to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country.

About the Department

The Department of Electronics and Communication Engineering was established in the year 2009. The department has a number of well-equipped laboratories and provides extent facilities for learning. The department periodically conducts workshops, seminars for both staff and students. The existing department is having state-of-the-art laboratories to gain good knowledge in the field of Electronics, Communication, Microwave, VLSI, DSP, Image Processing, and Micro Processors & Micro Controllers.

Vision

To produce highly professional and socially responsible women engineers through world class quality technical education and research to meet industry needs in the field of Electronics and Communication Engineering.

Mission

M1. To inculcate quality education for women through innovative learning practices with the use of modern tools.

M2. To impart professional ethics and moral values through co-curricular and Extra-curricular activities as individual and team member.

M3. Empowering students through industrial trainings/on-job training in collaboration with industries with-a-view to life-long learning.

About the Program

ISO and NAAC auditing becomes vital and meeting their demands has become an essential for an institution. This program aims to enhance these knowledge for administrative staff as they are handling most part of the administration datas.

PROGRAM REPORT

A one day Administrative Training Program on “EQUIPPING THE ADMINISTRATIVE STAFF WITH THE KNOWLEDGE OF ISO AND NAAC AUDITING” on 17-03-2023 at N-101, New Block has been successfully completed by the Department of Electronics and Communication Engineering, Bapatla Women's Engineering College.

The following member has been invited as the Resource Persons for the program

Mrs.G.Divya

Assistant Professor,

Dept of ECE,BWEC

Convenor: Mrs.A.V.Muthyalamma,Assistant Professor, Department of ECE

The Resource Persons have shared his knowledge about how to handle the auditing of ISO and NAAC.A total of 9 faculty have been participated in the program.

OBJECTIVES OF THE PROGRAM

- 1.To introduce the documentation for ISO and NAAC auditing
- 2.To incorporate the ideas to the Administrative staffs for smart handling the auditing
- 3.To present the ideas how to support the other department people to manage their auditing files

OUTCOMES OF THE PROGRAM

- Administrative staffs will be equipped well with the knowledge of nook and corner about both ISO and NAAC auditing.
- They understood which data to be stored and the manner in which it is to be stored.They are informed with the other department details necessary for the office managed files.

PROGRAM REPORT

A one week Faculty Development Program on "EFFECT OF COVID-19 ON EMPLOYMENT" from 20-02-2023 to 24-02-2023 at N-302, New Block has been successfully completed by the Department of Electronics and Communication Engineering, Bapatla Women's Engineering College.

The following members are invited as the Resource Persons for the program:

1. Mr. L.Naga Srinivasu, Assistant Professor, Dept. of ECE, Dhanekula Institute of Engineering & Technology
2. Mrs. Sk. Shameera, Assistant Professor, Dept. of ECE, BWEC

Convenor: Mrs. B. Mahalakshmi, Asst. Professor, ECE Dept.

The Eminent Resource Persons have expressed their views about the impact of COVID-19 on employment in various sectors. The participants gained knowledge about how to cope with the changes happened due to pandemic. A total of 56 faculty participated in the program.

OBJECTIVES OF THE PROGRAM

1. To give the statistical data about the impact of Covid-19 on various sector
2. To give the alternative opportunities to meet the economic changes
3. To give idea about the impact of Pandemic on Rural and Urban areas

OUTCOMES OF THE PROGRAM

- The participants understood the Recovery after national lockdown is uneven in case of females and in rural areas.
- Program created an awareness about various alternatives in the economic sector.
- They understood the importance of agriculture and its impact on health which indirectly contributes to the Economic Sector .
