| 9.1 | Campus Land and Buildings | <p><b>Bapatla Women's Engineering College (BWEC)</b> features a dedicated, self-contained layout planned purposefully to maintain an isolated, high-security space for female students. Managed under the aegis of the Bapatla Education Society, the campus infrastructure separates its academic zones from public transit pathways. The properties and layout breakdown of the campus land and buildings include:</p> <p><b>Land Area &amp; Campus Topography</b><br/> <b>Dedicated Acreage:</b> The campus is spread across a dedicated <b>5-acre land parcel</b> located at Srinivas Nagar, Bapatla.<br/> <b>Independent Compound:</b> Unlike co-educational setups, this land tract is completely walled off with single-point security checkpoints.<br/> <b>Coastal Land Management:</b> The foundation utilizes specialized construction layouts matching the coastal topography of Bapatla to ensure structural endurance.</p> <p><b>Core Institutional Buildings</b><br/> <b>Academic Block:</b> A multi-story, well-ventilated concrete layout housing department classrooms for core branches like Computer Science &amp; Engineering (CSE) and Electronics and Communication Engineering (ECE).<br/> <b>Administrative Wing:</b> This section anchors the Principal's office, internal examination cell, accounts division, and academic counseling rooms.<br/> <b>On-Campus Hostel Blocks:</b> Built internally within the secure perimeter, the residency houses separate wings featuring wide windows, private dining halls, and multi-bed accommodation units.</p> <p><b>Specialized Technical Infrastructure</b><br/> <b>Departmental Laboratories:</b> Equipped with advanced hardware, testing devices, and dedicated safety apparatus designed to support mandatory university practical curriculum guidelines.<br/> <b>Digital Knowledge Centre (Library):</b> An independent facility housing reference books, national technical journals, and specialized computer terminals linked to digital libraries.<br/> <b>Central Utilities Building:</b> Manages the campus electricity infrastructure, standby backup power generators, and a commercial water treatment facility (RO Plant) to handle internal requirements.</p>  |

|      |                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

| 9.2. | Class rooms and Laboratories | <p>To foster an ideal academic environment, BWEC features 22 spacious, well-ventilated, and furnished classrooms—each seating 72 students—along with three specialized drawing halls. For enhanced learning and effective teaching, all rooms are equipped with LCD and overhead projectors. The campus also provides essential facilities to support daily operations, including a 50-capacity canteen, faculty rooms, ample parking, and an administrative office.</p> <p>The college's infrastructure spans three floors across various wings, fostering quality education, hands-on training, and research. Students have access to advanced laboratories for curriculum-based practicals and</p> |
