List of Seminars/Workshops

A.Y:2021-22

S. No.	Name of the Programme	Date	No. of Participants	Details of the Resource Person
1	A One Day Seminar on Statistical Tools for Research	06.09.2021	40	Mrs. T. Sai Lakshmi, Asst.Prof, CSE Department, St. Ann's College of Engineering & Technology, Chirala.
2	A One Day Seminar on Recent Trends on Antennas and its Applications in Electromagnetics for IoT & 5G Communications	08.09.2021	99	Sri. I. BalaKrishna, Deputy Director/Scientist,MeitY, Govt of India
3	A One Day Seminar on Data Interpretation and Report Writing	04.10.2021	48	Mrs. O. Sreedevi, HoD & Asst. Prof. Dept. of S & H, BWEC, Bapatla.
4	A One Day Seminar on How to Overcome Stress	02.12.2021	99	Dr. G. Nagesh, NIMHANS, Phycologist
5	A One Day Seminar on How to Improve Communication Skills	04.12.2021	99	MR. M. VijayaRama Raju, Director M.V.R Standard English Institution Bapatla
6	A One Day Seminar on Role of Mathematics in Modern Technology	19.03.2022	111	Mrs.V. LAVANYA, Assistant Professor, Department of Mathematics Bapatla Engineerig College, Bapatla.
7	One Day Workshop on Deep Learning for NLP	23.03.2022	54	Mrs. M. Bhargavi, Senior QA Engineer, BPM Links, Hyderabad.
8	A One Day Seminar on Computational Tools for Research in Engineering and Sciences	04.05.2022	40	Dr. S. Murali Krishna, Professor Bomma Institute of Technology & Science.
9	A Seminar on Unleashing Entrepreneurship: Opportunities in Society	12.05.2022	59	Mr. T. Krishna Sumanth Managing Director Geethika Sai Tiles And Sanitary

BAPATLA WOMEN'S ENGINEERING COLLEGE

BAPATLA

NO REGISTRATION FEE

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. South of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering College has been established with forethought to organize the growing needs of higher technical education for WOMEN, in order to provide them a competitive edge and a unique niche in the society.

We at BWEC are determined to create a conducive environment with updated technological inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge and skills required to make them globally competitive technocrats.

MISSION:

- Our mission is to impart the quality education at par with global standards to the students from all over India and in particular those from the local and rural areas.
- We continuously try to maintain high standards so as to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT THE R&D CELL:

Research and Development cell was established at BWEC to inculcate research and innovative skills among faculty and students. R&D Cell provides a platform for creativity and innovation to flourish young minds in Institute. The R&D cell has an advisory board with senior faculty members from our organisation. The cell manages all the research Programs of the college by monitoring and coordinating the research Programs. It facilitates interaction with external agencies for funded R&D projects and also promotes and manages Institute-Industry interaction.

ABOUT THE PROGRAM:

The most well-known Statistical tools are the mean, the arithmetical average of numbers, median and mode, Range, dispersion, standard deviation, inter quartile range, coefficient of variation, etc. There are also software packages like SAS and SPSS which are useful in interpreting the results for large sample size.

OBJECTIVES OF THE PROGRAM:

- To provide a comprehensive understanding of statistical tools essential for conducting research across various disciplines.
- To know about the statistical tools to solve research problems.

TOPICS COVERED:

- **Introduction to Statistics:** Basics of descriptive and inferential statistics.
- **Probability Distributions:** Normal, Binomial, Poisson distributions, etc.

- **Hypothesis Testing:** Understanding significance levels, p-values, types of tests (t-tests, ANOVA, chi-square), and their applications in research works.
- Finite Element Analysis (FEA), Computational Fluid Dynamics (CFD), and their applications.
- Data analysis and visualization techniques.
- Case studies showcasing the use of computational tools in solving real-world problems.

OUTCOMES OF PROGRAMME:

- Enhanced knowledge on statistical concepts and methodologies.
- Ability to apply statistical tools to solve research problems and data analysis.

PROGRAMME REPORT

Programme Name	A one day seminar on " Statistical Tools for Research".
Resource Person	Mrs.T.Sai Lakshmi, Asst. Prof, CSE Department, St. Ann's College of Engineering & Technology, Chirala.
Date of Activity	06-09-2021.
Organized By	R&D cell, Bapatla Women's Engineering College, Bapatla
Venue	N-306

Objectives of the programme:

- To provide a comprehensive understanding of statistical tools essential for conducting research across various disciplines.
- To know about the statistical tools to solve research problems.

Topics covered :

- **Introduction to Statistics:** Basics of descriptive and inferential statistics.
- **Probability Distributions:** Normal, Binomial, Poisson distributions, etc.
- **Hypothesis Testing:** Understanding significance levels, p-values, types of tests (t-tests, ANOVA, chi-square), and their applications in research works.

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering College has been established with forethought to organize the growing needs of higher technical education for WOMEN in order to provide them a competitive edge and a unique niche in the society. We at BWEC are determined to create a conducive environment with updated technology inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge skills required to make them globally competitive technocrats.

MISSION:

M1: Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.

M2: We continuously try to maintain high standards so as to make them technologically competent ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT R&D Cell:

Bapatla Women's Engineering College is now focusing more on Research Programs and need-based technology. Accordingly, an independent R&D Cell has been established in the year ----to promote and monitor the research Programs of the college. The R&D cell has an advisory board with senior faculty members from Our Organisation.

The objective of R & D Cell is to promote research activities among students and faculty as well as to provide a robust platform for sharing and implementing innovative and creative ideas to facilitate the exchange of information and interaction among the various research institutes and industries to develop skilled manpower in various engineering fields.

ABOUT THE PROGRAMME:

Recent Trends on Antennas and its Applications in Electromagnetics for IoT & 5G Communications" is a comprehensive program delving into the forefront of wireless technology. Topics include antenna miniaturization, MIMO systems, beamforming, and the integration of millimetre-wave technology. The program highlights advancements in smart antennas, adaptive systems, and metamaterial applications, ensuring participants gain insights into the dynamic and multifaceted nature of contemporary wireless communication systems. Additionally, energy-efficient designs, low-profile antennas, and considerations for security and privacy are addressed to meet the diverse demands of IoT and 5G networks. Attendees can expect in-depth discussions, expert perspectives, and exposure to cutting-edge research, equipping them with the knowledge needed to navigate and contribute to the rapidly evolving landscape of wireless communication technologies.

PROGRAMME OBJECTIVES:

At the end of this Workshop, participants will be able to

- ❖ To Explore Students in Recent advancements in antenna Design.
- ❖ To Know the students how antennas play a Crucial role in enabling reliable and energy-efficient connectivity of IoT applications.
- ❖ To address the challenges with integrating antennas into small and compact IoT Devices, considering size constraints and power consumptions.
- ❖ Integrating antennas into small and compact IoT Devices, considering size constraints and power consumptions.

TOPICS COVERED:

- ❖ Antenna Design Innovations
- ❖ IoT Connectivity
- ❖ 5G Antenna Technologies
- ❖ Integration Challenges
- ❖ Smart Antenna Systems

PROGRAMME REPORT

Programme Name	A One Day Seminar on 'Recent Trends on Antennas and its Applications in Electromagnetics for IOT & 5G Communications'.
Resource Person	Sri.I.BalaKrishna, Deputy Director/Scientist, MeitY, Govt of India
Date of Activity	08-09-2021
Organized By	R&D Cell, Bapatla Women's Engineering College, Bapatla
Venue	Conference Hall -New Block

Objectives of the Programme

- To Explore Students in Recent advancements in antenna Design.
- To Know the students how antennas play a crucial role in enabling reliable and energy-efficient connectivity of IoT applications..
- To address the challenges with integrating antennas into small and compact IoT Devices, considering size constraints and power consumptions.

Topics Covered

- Antenna Design Innovations
- IoT Connectivity
- 5G Antenna Technologies
- Integration Challenges
- Smart Antenna Systems

(ESTD.2009)

(Sponsored by The Bapatla Education Society)

Approved by AICTE-New Delhi, Affiliated to Acharya Nagarjuna University
an ISO 9001:2015 Certified Institution

The resource person for the event **Sri.I.BalaKrishna** delivered a lecture on 'Fundamentals of Radiation and Basic parameters of Antenna and various applications in electromagnetics for IOT and 5G communications.

(ESTD. 2009)

Bapatla Women's Engineering College

BAPATLA -522101. Guntur (Dist), A.P.

(Sponsored by The Bapatla Education Society)

Approved by AICTE-New Delhi, Affiliated to Acharya Nagarjuna University

An ISO 9001:2015 Certified Institution

Outcomes of the Programme:

- Participants gain a deeper understanding of recent trends in antenna design and electromagnetic, particularly in the context of IoT and 5G technologies.
- Participants acquired knowledge about advanced antenna technologies such as MIMO Systems, and how they contribute to improved performance in 5G communication.
- Attendees gained Knowledge of real world applications.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Date: 01.10.2021

CIRCULAR

This is hereby to inform all the III/IV B.Tech students, that the CSE department is organizing a one-day Seminar on "Data Interpretation and Report Writing" by Mrs. O. Sreedevi, Asst. Prof. Dept. of S & H, on 04.10.2021. So all the students are hereby informed to give the names and utilize this opportunity by attending the seminar.

Venue: New Block Room.No-323

Timing: 11:00AM

Objectives of the programme:

- The seminar should equip students with the necessary skills and knowledge to effectively interpret data and write research reports. They should be able to apply these skills to their academic projects, internships, and future careers.
- Understand the principles of data analysis and interpretation in the context of research.
- Learn various statistical techniques for analyzing quantitative data.
- Gain confidence in critically evaluating the validity and reliability of research findings.

TOPICS:

- What is research and why is it important in engineering?
- Different types of research: quantitative, qualitative, mixed methods.
- Primary data collection: experiments, surveys, interviews, observations.
- Secondary data collection: databases, literature review, government reports.
- Understanding the meaning of your data: what do the results tell you?
- Visual communication: using tables, graphs, and charts effectively.

Address For Communication:

About the Institution :

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The College is located in Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. programmes in 3 faculties of Engineering- Computer Science & Engineering, Electronics & Communication Engineering and Artificial Intelligence & Machine learning

About the Department :

The Department of Computer Science and Engineering was established in the year 2009. The department consists of staff and students committed to excellence and success. The department gives exposure to its students not only the regular engineering curriculum but also aspirations of today's corporate world, by inculcating a professional attitude in them.

Since 2009, the department is consistently striving hard to offer a high quality, state-of-the-art education in computer science and engineering at an affordable cost. The department conducts various workshops on Big data, Cloud computing, Mobile App development, Advanced Java, Networking, Web Technologies and current trends. We as a team strive hard to take the department to the height of success, glory and to achieve our vision.

Vision:

To be recognized as an exemplary leader committed to Excellence in education, research and innovation that meet the needs of the global community in computer science and engineering for women who are psychologically strong and have great ethical values.

Mission:

To produce globally competent graduates who have Adequate skills, highest ethical standards, social responsibility and values with a sense of professionalism.

To be dynamic, innovative and flexible in devising academic programs, structures and mechanisms.

To foster leadership qualities and professional behavior skills to enhance the performance of the graduates.

PROGRAMME REPORT

Programme Name	A One-day Seminar on "Data Interpretation and Report Writing"
Resource Person	Mrs. O. Sreedevi, HoD& Asst. Prof., Dept. of S & H, BWEC. P.No. : 9493919987.
Date of Activity	04.10.2021
Organized By	Bapatla Women's Engineering College, Bapatla.
Venue	New Block Room.No-323

Objectives of the programme:

- The seminar should equip students with the necessary skills and knowledge to effectively interpret data and write research reports. They should be able to apply these skills to their academic projects, internships, and future careers.
- Understand the principles of data analysis and interpretation in the context of research.
- Learn various statistical techniques for analyzing quantitative data.
- Gain confidence in critically evaluating the validity and reliability of research findings.
- Master the essential components of a research report, including the introduction, literature review, methodology, results, discussion, and conclusion.
- Understand the importance of ethical considerations in research writing.

Topics covered:

- What is research and why is it important in engineering?
- Different types of research: quantitative, qualitative, mixed methods.
- Primary data collection: experiments, surveys, interviews, observations.
- Secondary data collection: databases, literature review, government reports.
- Understanding the meaning of your data: what do the results tell you?
- Visual communication: using tables, graphs, and charts effectively.
- Referencing and plagiarism.

Outcomes of programme:

Enhanced understanding of data interpretation: Participants will gain a deeper understanding of various statistical techniques and tools used to analyze and interpret research data. This includes skills like hypothesis testing, data visualization, and drawing meaningful conclusions from results.

Improved report writing skills: The seminar can equip students with the necessary skills to write clear, concise, and well-organized research reports. This includes structuring the report, referencing properly, and effectively communicating findings to different audiences.

Increased interest in research: The seminar can spark an interest in research among students, motivating them to pursue further research opportunities or incorporate research skills into their future careers.

A one-day seminar on "Data Interpretation and Report Writing" can have a significant positive impact on student's research skills and knowledge. This can benefit them both academically and professionally.

On 04.10.2021 from our college students and faculties have participated in the Data Interpretation and Report Writing Seminar

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering College has been established with forethought to organize the growing needs of higher technical education for WOMEN in order to provide them a competitive edge and a unique niche in the society. We at BWEC are determined to create a conducive environment with updated technology inputs and latest information to facilitate the Students with a pleasant feel in acquiring knowledge skills required to make them globally competitive technocrats.

MISSION:

M1: Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.

M2: We continuously try to maintain high standards so as to make them technologically competent ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT THE DEPARTMENT:

The ECE department was established in the year 2009 with 60 intakes, now it increases to 120. Department has highly qualified and experienced faculty members provide excellent instruction and supervision to the Students.

Department has good state of art laboratories are equipped. It emphasizes teaching and research in the areas of design, study, and testing of electronic equipment as well as technological concerns pertaining to computer systems, electronics, and other related industrial fields as well as telecommunications systems.

VISION:

To be recognized by the society at large as a full-fledged department, offering quality higher education in the Electronics and Communication Engineering field with research focus catering to the needs of the public and staying in tune with the advancing technological revolution and challenging cultural changes.

MISSION:

❖ To provide Quality education in the field of Electronics and Communication Engineering through the learning of ethics to its students

❖ To create sound technocrats in professional engineering leading them towards growth and development promoting the academic research & development

❖ To showcase adaptability in fields of technical knowledge through the academic infrastructure based on state of the art along with industry based training

❖ Promote the establishment of centres of excellence in niche technology areas to nurture the spirit of innovation and creativity among faculty and students

❖ Enable students to develop skills to solve complex

ABOUT THE PROGRAM:

Stress is an inevitable part of life. No matter how much we try to avoid it, it will eventually affect us. Stress can be caused by various factors such as work pressure, relationship issues, financial troubles, or health problems. Stress can lead to serious physical and mental health problems left unmanaged. Therefore, it is important to understand and manage your stress effectively.

Stress is our body's natural response to a perceived threat or danger. It is our body's way of preparing for a challenging situation. When stressed, our body releases hormones such as adrenaline and cortisol, which increase our heart rate, blood pressure, and breathing rate. This response is commonly known as the 'fight or flight' response.

Stress can affect us in various ways, both physically and mentally. Some common physical symptoms of stress include headaches, muscle tension, fatigue, and difficulty sleeping. Mentally, stress can cause anxiety, depression, irritability, and difficulty concentrating.

TOPICS COVERED:

- Stress management techniques.
- Different theories and types of stress.
- Ways to improve mental and physical health.
- Mapping the causes and effects of stress.

OUTCOMES OF PROGRAMME:

- Able to maintain good physical and mental health by managing stress.
- Respond to stressful situations by using effective techniques.
- Utilize their own inner resources to find greater health and well being.

PROGRAMME REPORT

Programme Name	A One Day Seminar on How to Overcome Stress
Resource Person	Dr.G.Nagesh, National Institute of Mental Health & Neuro Sciences
Date of Activity	02-12-2021
Organized By	R&D Cell, Bapatla Women's Engineering College, Bapatla
Venue	Conference Hall -New Block

Objectives of the Programme:

- To learn about stress management techniques that helps to overcome stress.
- To improve mental and physical health.
- To evaluate one's stress levels and deal with stress positively.

Topics Covered:

- Stress management techniques.
- Different theories and types of stress.
- Ways to improve mental and physical health.
- Mapping the causes and effects of stress.

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering

VISION:

Bapatla Women's Engineering College has been established with forethought to organize the growing needs of higher technical education for WOMEN in order to provide them a competitive edge and a unique niche in the society. We at BWEC are determined to create conducive environment with update technology inputs and latest information to facilitate the Students with a pleasant feel in acquiring knowledge skills required to make them globally competitive technocrats.

MISSION:

M1: Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.

M2: We continuously try to maintain high standards so as to make them technologically competent ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT R&D Cell:

Bapatla Women's Engineering College is now focusing more on Research Programs and need-based technology. Accordingly, an independent R&D Cell has been established in the year ---to promote and monitor the research Programs of the college. The R&D cell has an advisory board with senior faculty members from Our Organisation.

The objective of R & D Cell is to promote research activities among students and faculty as well as to provide a robust platform for sharing and implementing innovative and creative ideas to facilitate the exchange of information and interaction among the various research institutes and industries to develop skilled manpower in various engineering fields.

ABOUT THE PROGRAMME:

Organizing a one-day seminar on improving communication skills can be a valuable and enriching experience for participants. Prof. M.Vijaya Rama Raju Director of MVR Standard English Institution Andhra Pradesh, was invited to deliver a lecture on the value and importance of effective and impressive communication for future engineers in today's competitive world in global environment. After a general interaction with the selected group of students, Prof. Myers then decided to interact with the students in isolation, again in the groups of four students each, in order to provide the students with the much-needed individual attention, to solve their queries and to clear the doubts if they had. Here also, a group of 20 students from the Electrical and communication Engineering Department was selected to have a one-on-one interaction with them. The main motive of this interaction was to enlighten the students with the use of correct English and its importance. The students were encouraged to ask questions and were answered by the Professor with clarity and patience.

SEMINAR OBJECTIVES:

- To make the Students Confident of Speaking In English with Enthusiasm.
- To familiarize the Students with Different types of Communication.
- To Train the Students and Make them comprehend various Aspects of interview Skills

TOPICS COVERED:

- Different Techniques of Communication.
- Types of Communication.
- Interview Skills.

OUTCOMES OF THE PROGRAMME:

- Understand and practice Different techniques of Communication.
- Understand and Practice Interview Rules.

PROGRAMME REPORT

Programme Name	A One Day Seminar on How to Improve Communication Skills
Resource Person	Mr.M.Vijaya Rama Raju, Director, M.V.R Standard English Institution, Andhra Pradesh.
Date of Activity	04-12-2021
Organized By	R&D Cell , Bapatla Women's Engineering College, Bapatla
Venue	Conference Hall -New Block

Objectives of the Programme

- To make the students confident of speaking in English with enthusiasm.
- To familiarize the students with different styles of communication.
- To train the students and make them comprehend various aspects of interview skills.

Topics Covered

- Different techniques of communication.
- Types of communication.
- 7Cs of communication.
- Interview skills.

About the Institution :

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The College is located in Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech programs in 3 faculties of Engineering- Computer Science & Engineering, Electronics and Communications Engineering and Artificial Intelligence & Machine Learning.

Objectives of the Programme:

- To reveal the significance of mathematics in science and technology for development.
- To understand the Mathematics has evolved from the time period.
- To solve the problems of the real world.
- To acquire and understanding of some elementary mathematical concepts.

TOPICS:

- Mathematics in Physics.
- Mathematics in Chemistry.
- Mathematics in Astronomical Science.

PROGRAMME REPORT

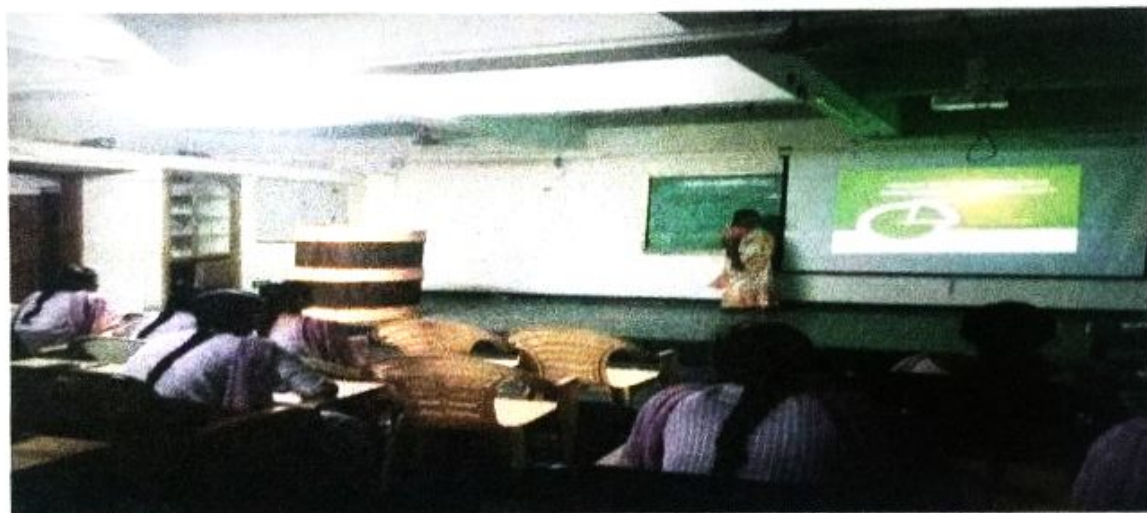

Programme Name	A One day Seminar on "Role of Mathematics in Modern Technology"
Resource Person	Mrs.V. LAVANYA, Assistant Professor, Department of Mathematics Bapatla Engineerig College, Bapatla.
Date of Activity	19-03-2022
Organized By	R&D Cell, Bapatla Women's Engineering College, Bapatla
Venue	Conference Hall-New Block

Objectives of the Programme

- To reveal the significance of mathematics in science and technology for development
- To understand the Mathematics has evolved from the time period
- To solve the problems of the real world
- To acquire and understanding of some elementary mathematical concepts

Topics Covered

- Mathematics in Physics
- Mathematics in Chemistry
- Mathematics in Astronomical Science

Resource Person: Mrs.V. LAVANYA

Outcomes of the Programme:

- To understand the measurement, properties, and relationships of quantities and sets, using numbers and symbols.
- Stress analysis of machine components
- Calculation of mass flow in steam power plant
- Calculation of air flow in cooling fan

CIRCULAR

This is hereby to inform all the **IV/IV B.Tech students**, that the CSE department is organizing a one-day Workshop on "**Deep Learning for NLP**" by Mrs. M. Bhargavi, Senior QA Engineer, BPM Links, Hyderabad on 23.03.2022. So all the students are hereby informed to give the names and utilize this opportunity by attending the seminar.

Venue: New Block Room.No-221

Timing: 11:00AM

BAPATLA WOMEN'S ENGINEERING COLLEGE
BAPATLA

About the Institution :

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The College is located in Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. programmes in 3 faculties of Engineering- Computer Science & Engineering, Electronics & Communication Engineering and Artificial Intelligence & Machine learning

About the Department :

The Department of Computer Science and Engineering was established in the year 2009. The department consists of staff and students committed to excellence and success. The department gives exposure to its students not only the regular engineering curriculum but also aspirations of today's corporate world, by inculcating a professional attitude in them.

Since 2009, the department is consistently striving hard to offer a high quality, state-of-the-art education in computer science and engineering at an affordable cost. The department conducts various workshops on Big data, Cloud computing, Mobile App development, Advanced Java, Networking, Web Technologies and current trends. We as a team strive hard to take the department to height of success, glory and to achieve our vision.

Vision:

To be recognized as an exemplary leader committed to Excellence in education, research and innovation that meet the needs of the global community in computer science and engineering for women who are psychologically strong and have great ethical values.

Mission:

To produce globally competent graduates who have Adequate skills, highest ethical standards, social responsibility and values with a sense of professionalism.

To be dynamic, innovative and flexible in devising academic programs, structures and mechanisms.

To foster leadership qualities and professional behavior skills to enhance the performance of the graduates.

ONE DAY WORKSHOP
ON

“Deep Learning for NLP”

MARCH 23, 2022

ORGANIZED
BY

DEPARTMENT OF CSE

BAPATLA WOMEN'S
ENGINEERING COLLEGE
BAPATLA

(Approved by AICTE - New Delhi, Affiliated to
Acharya Nagarjuna University
An ISO 9001 : 2015 Certified Institution)

About the Program:

This one-day workshop aimed to equip students with fundamental knowledge and practical skills in Deep Learning for Natural Language Processing (NLP).

The workshop sought to:

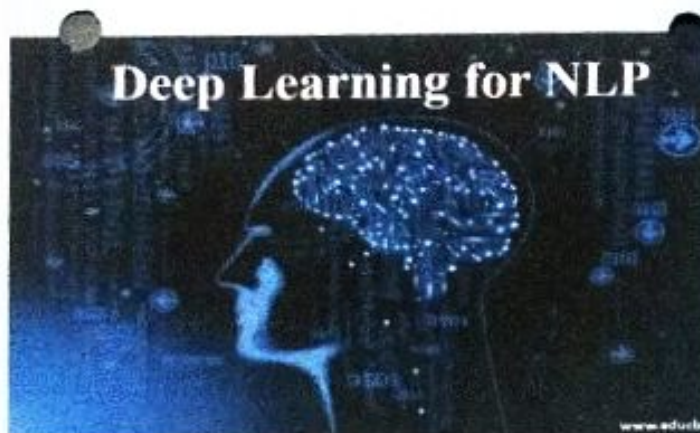

Introduce the basics of NLP: Provide an overview of NLP tasks, challenges, and applications in various domains.

Demystify Deep Learning: Explain the core concepts of Deep Learning, including neural networks, activation functions, and optimization algorithms.

Explore Deep Learning for NLP: Expose students to popular Deep Learning architectures and techniques used in NLP tasks like text classification, sentiment analysis, and machine translation.

TOPICS:

- Introduction to Deep Learning
- Introduction to Natural Language Processing
- Introduction to Deep Learning Libraries for NLP
- Sentiment Analysis
- Text Summarization
- Natural Language Toolkit (NLTK) and SpaCy

PROGRAMME REPORT

Programme Name	One day Workshop On "Deep Learning for NLP"
Resource Person	Mrs.M.Bhargavi, Senior QA Engineer, BPM Links, Hyderabad. Ph. No.:7997644477
Date of Activity	23.03.2022
Organized By	Bapatla Women's Engineering College, Bapatla.
Venue	New Block Room.No-221

Objectives of the programme:

This one-day workshop aimed to equip students with fundamental knowledge and practical skills in Deep Learning for Natural Language Processing (NLP). The workshop sought to:

Introduce the basics of NLP: Provide an overview of NLP tasks, challenges, and applications in various domains.

Demystify Deep Learning: Explain the core concepts of Deep Learning, including neural networks, activation functions, and optimization algorithms.

Explore Deep Learning for NLP: Expose students to popular Deep Learning architectures and techniques used in NLP tasks like text classification, sentiment analysis, and machine translation.

Topics covered

- Introduction to Deep Learning
- Introduction to Natural Language Processing
- Introduction to Deep Learning Libraries for NLP
- Sentiment Analysis
- Text Summarization
- Natural Language Toolkit (NLTK) and SpaCy

Outcome of programme:

The workshop successfully achieved its objectives, as evidenced by the following outcomes:

Enhanced understanding of NLP: Participants gained a clear understanding of NLP tasks, challenges, and applications.

Demystified Deep Learning: Students developed a solid foundation in Deep Learning concepts and their relevance to NLP.

Hands-on skills: Participants acquired practical skills in implementing Deep Learning models for NLP tasks using popular libraries.

Increased interest and motivation: The workshop sparked enthusiasm among students to further explore NLP and its potential applications in their chosen fields.

The one-day workshop on "Deep Learning for NLP" proved to be a valuable learning experience for students, equipping them with the knowledge and skills to navigate this rapidly evolving field and contribute to its future advancements.

On 23.03.2022 from our college students and faculties have participated in the Deep Learning for NLP Workshop.

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. South of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering College has been established with forethought to organize the growing needs of higher technical education for WOMEN, in order to provide them a competitive edge and a unique niche in the society.

We at BWEC are determined to create a conducive environment with updated technological inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge and skills required to make them globally competitive technocrats.

MISSION:

M1- Our mission is to impart the quality education at par with global standards to the students from all over India and in particular those from the local and rural areas.

M2- We continuously try to maintain high standards so as to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country

ABOUT THE R & D CELL:

Research and Development cell was established at BWEC to inculcate research and innovative skills among faculty and students. R&D Cell provides a platform for creativity and innovation to flourish young minds in Institute. Innovative breakthroughs will happen only because of meticulous efforts of R&D. The R&D cell has an advisory board with senior faculty members from Our Organisation. The cell manages all the research Programs of the college by monitoring and coordinating the research Programs. It facilitates interaction with external agencies for funded R&D projects and also promotes and manages Institute-Industry interaction.

ABOUT THE PROGRAM:

In the realm of engineering and sciences, the utilization of computational tools has redefined the way problems are approached, experiments are simulated, and data is analysed. This seminar is designed to provide an immersive experience, offering insights into various tools, their applications, and their profound impact on shaping the future of research.

OBJECTIVES OF THE PROGRAM:

- To understand various computational methods, softwares and tools used in the areas of research in Engineering and Sciences.
- To enhance problem-solving skills by integrating computational tools into their work.

TOPICS COVERED:

- Introduction to computational modelling and simulation techniques.
- Application of numerical methods in engineering and scientific research.

- Overview of software packages like MATLAB, Python, ANSYS, COMSOL etc.
- Finite Element Analysis (FEA), Computational Fluid Dynamics (CFD), and their applications.
- Data analysis and visualization techniques.
- Case studies showcasing the use of computational tools in solving real-world problems.

OUTCOMES OF THE PROGRAM:

- Enhanced the computational techniques relevant to their field.
- Ability to apply these computational methods to their research or projects.
- Improved problem-solving skills by integrating computational tools into their work.

PROGRAMME REPORT

Programme Name	A one day seminar on " Computational Tools for Research in Engineering and Sciences".
Resource Person	Dr. S. Murali Krishna Professor, Bomma Institute of Technology & Science
Date of Activity	04-05-2022
Organized By	R&D Cell, Bapatla Women's Engineering College, Bapatla
Venue	N-306

Objectives of the Programme:

- To understand various computational methods, softwares and tools used in the areas of research in Engineering and Sciences.
- To enhance problem-solving skills by integrating computational tools into their work.

Topics Covered:

- Introduction to computational modeling and simulation techniques.
- Application of numerical methods in engineering and scientific research.
- Overview of software packages like MATLAB, Python , ANSYS, COMSOL etc.
- Finite Element Analysis (FEA), Computational Fluid Dynamics (CFD), and their applications.
- Data analysis and visualization techniques.
- Case studies showcasing the use of computational tools in solving real-world problems.

DEPARTMENT OF CSE

BAPATLA WOMEN'S ENGINEERING
COLLEGE:: BAPATLA

(Approved by AICTE –New Delhi, Affiliated to
Acharya Nagarjuna University)
An ISO 9001 : 2015 Certified Institute

ABOUT THE INSTITUTION :

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The College is located in Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech programs in 3 faculties of Engineering- Computer Science & Engineering, Electronics and Communications Engineering and Artificial Intelligence & Machine Learning.

ABOUT THE DEPARTMENT :

The Department of Computer Science and Engineering was established in the year 2009. The department consists of staff and students committed to excellence and success. The department gives exposure to its students not only the regular engineering curriculum but also aspirations of today's corporate world, by inculcating a professional attitude in them.

Since 2009, the department is consistently striving hard to offer a high quality, state-of-the-art education in computer science and engineering at an affordable cost. We as a team strive hard to take the department to height of success, glory and to achieve our vision.

Objective of the Programme:

- The main objective of this seminar for students is to ignite their entrepreneurial spirit and introduce them to the diverse opportunities for starting and running successful businesses with in society.
- Expose students to the world of entrepreneurship, its different forms, and its potential as a rewarding career path.
- Provide a basic understanding of the entrepreneurial ecosystem, including market analysis, business model development, funding avenues, and legal considerations.

Topics:

Contents of the Seminar would touch upon the following aspects-

- What is Entrepreneurship?
- Understanding Opportunity Identification
- Idea Validation and Business Model Development
- Marketing and Sales for Start-ups

PROGRAMME REPORT

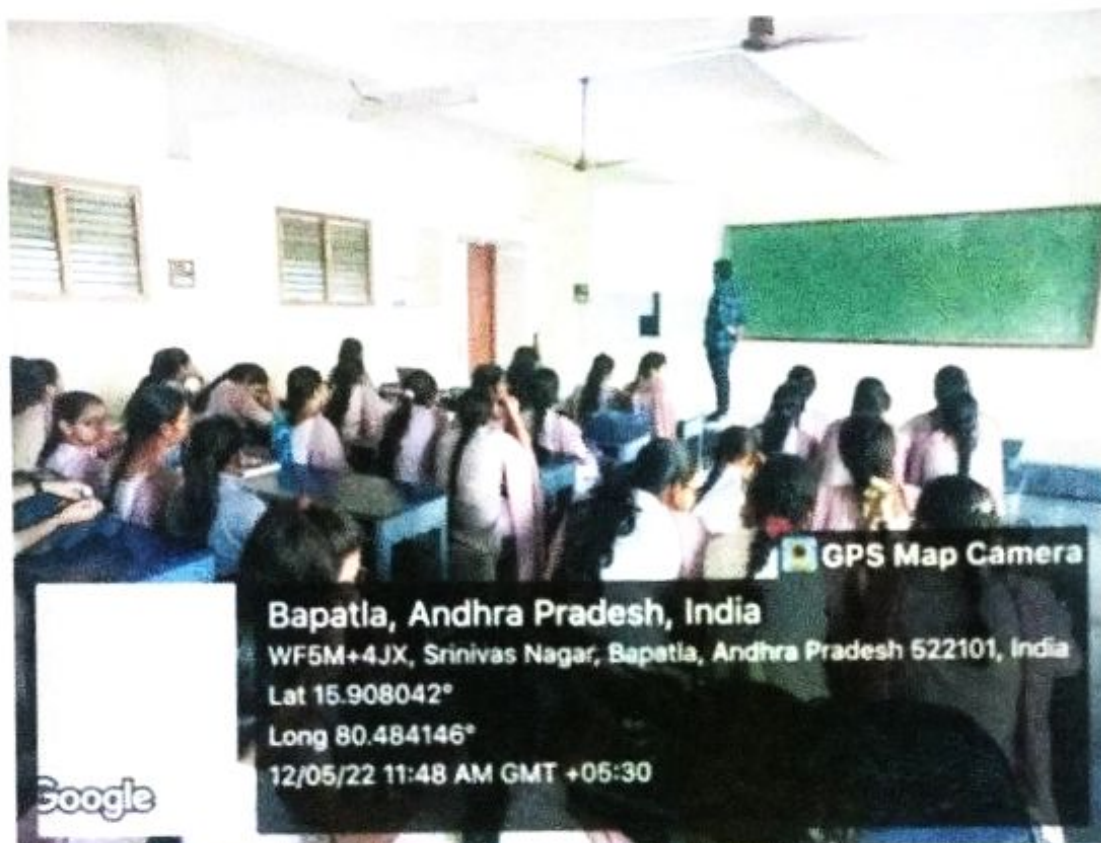

Programme Name	A Seminar on "Unleashing Entrepreneurship: Opportunities in Society"
Resource Person	Mr. T. Krishna Sumanth, Managing Director, Geethika Sai Tiles and Sanitary. Ph. No.:9912633183
Date of Activity	12.05.2022
Organized By	Bapatla Women's Engineering College, Bapatla
Venue	New Block Room.No-221

Objectives of the programme:

- The main objective of this seminar for students is to ignite their entrepreneurial spirit and introduce them to the diverse opportunities for starting and running successful businesses within society.
- Expose students to the world of entrepreneurship, its different forms, and its potential as a rewarding career path.
- Provide a basic understanding of the entrepreneurial ecosystem, including market analysis, business model development, funding avenues, and legal considerations.
- Introduce skills like problem-solving, risk management, effective communication, and leadership, all crucial for navigating the entrepreneurial journey.

Topics covered:

- What is Entrepreneurship? : Defining the concept, exploring different types of entrepreneurs, and discussing the entrepreneurial mind-set.
- Understanding Opportunity Identification: Techniques for identifying potential business opportunities in various sectors relevant to students.
(e.g., technology, engineering, environment)
- Idea Validation and Business Model Development: - Guiding students through the process of validating their business ideas and developing viable business models.
- Marketing and Sales for Start-ups.

Outcome of programme:

Enhanced awareness of entrepreneurial opportunities: Participants will gain exposure to various entrepreneurial ventures.

Developed entrepreneurial mindset: The seminar can cultivate an entrepreneurial spirit among students, encouraging them to think creatively, identify problems, and develop innovative solutions.

Increased self-confidence and risk-taking ability: The seminar can help students overcome their fear of failure and develop the confidence to pursue their entrepreneurial ventures

The "Unleashing Entrepreneurship: Opportunities in Society" seminar proved to be a transformative experience for students, empowering them to view themselves as potential change makers and equipping them with the knowledge, skills, and motivation to navigate the exciting world of entrepreneurship.

On 12.05.2022 from our college students and faculties have participated in the Unleashing Entrepreneurship: Opportunities in Society.
