ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 disciplines of Electrical & Electronic Engineering, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering college has been established with forethought to organize the growing needs of higher technical education for women, in order to provide them a competitive edge and a unique niche in the society

We at BWEC are determined to create a conducive environment with updated technological inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge and skills required to make them globally competitive technocrats.

MISSION:

- Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.
- We continuously try to maintain high standards so has to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT THE DEPARTMENT:

The ECE department was established in the year 2009 with 60 intakes, now it increases to 120. Department has highly qualified and experienced faculty members provide excellent instruction and supervision to the Department has good state of art laboratories are equipped.

It emphasizes teaching and research in the Students. areas of design, study, and testing of electronic equipment as well as technological concerns pertaining to computer systems, electronics, and other related industrial fields as well as telecommunications systems.

VISION:

To be recognized by the society at large as a full fledged department, offering quality higher education in the Electronics and Communication Engineering field with research focus catering to the needs of the public and staying in tune with the advancing technological revolution and challenging cultural changes.

MISSION:

- ❖ To provide Quality education in the field of Electronics and Communication Engineering through the learning of ethics to its students
- ❖ To create sound technocrats in professional engineering leading them towards growth and development promoting the academic research & development
- ❖ To showcase adaptability in fields of technical knowledge through the academic infrastructure based on state of the art along with industry based training
- ❖ Promote the establishment of centres of excellence in niche technology areas to nurture the spirit of innovation and creativity among faculty and students
- ❖ Enable students to develop skills to solve complex technological problems of current times and also provide a framework for promoting collaborative and multidisciplinary activities.

ABOUT THE PROGRAM:

Research is a systematic investigation to discover new knowledge or validate existing information. It typically involves defining a problem, conducting a literature review, formulating a hypothesis, collecting and analyzing data, and drawing conclusions. The orientation in research depends on your field, but key aspects include defining a clear research question, selecting appropriate methods, and ensuring ethical considerations.

OBJECTIVES OF THE PROGRAMME:

- To know about research career paths.
- To enhance the essential skills for research.
- To provide the guidance in academic, industry for research.
- To know about mentorship opportunities, and career planning resources.

TOPICS COVERED:

- Introduction to Research Careers.
- Skills for Success in Research.
- Navigating Academia.
- Industry Opportunities.
- Networking and Collaboration.
- Career Planning and Resources

PROGRAM OUTCOMES:

- Gained knowledge on understanding of opportunities, and career planning resources.
- Enhanced communication and adaptability skill among students.

PROGRAMME REPORT

Programme Name	A one day seminar on “ Orientation on Research ”.
Resource Person	Dr. G. Srinivasarao, Professor, Lakireddy Balireddy College Of Engineering, Mylavaram.
Date of Activity	09-10-2018
Organized By	ECE Department, Bapatla Women's Engineering College, Bapatla
Venue	N-306

Objectives of the programme:

- To know about research career paths.
- To enhance the essential skills for research.
- To provide the guidance in academic, industry for research.
- To know about mentorship opportunities, and career planning resources.

Topics covered:

- Introduction to Research Careers.
- Skills for Success in Research.
- Navigating Academia.
- Industry Opportunities.
- Networking and Collaboration.
- Career Planning and Resources.

About the Institution :

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The College is located in Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. programmes in 3 faculties of Engineering- Computer Science & Engineering, Electronics & Communication Engineering and Electrical & Electronics Engineering.

About the Department :

The Department of Computer Science and Engineering was established in the year 2009. The department consists of staff and students committed to excellence and success. The department gives exposure to its students not only the regular engineering curriculum but also aspirations of today's corporate world, by inculcating a professional attitude in them.

Since 2009, the department is consistently striving hard to offer a high quality, state-of-the-art education in computer science and engineering at an affordable cost. The department conducts various workshops on Big data, Cloud computing, Mobile App development, Advanced Java, Networking, Web Technologies and current trends. We as a team strive hard to take the department to height of success, glory and to achieve our vision.

Vision:

To be recognized as an exemplary leader committed to Excellence in education, research and innovation that meet the needs of the global community in computer science and engineering for women who are psychologically strong and have great ethical values.

Mission:

To produce globally competent graduates who have Adequate skills, highest ethical standards, social responsibility and values with a sense of professionalism.

To be dynamic, innovative and flexible in devising academic programs, structures and mechanisms.

To foster leadership qualities and professional behavior skills to enhance the performance of the graduates.

ONE-DAY SEMINAR

ON

*“How to write a
Research paper using
Latex”*

OCTOBER 10, 2018

ORGANIZED

BY

DEPARTMENT OF CSE

**BAPATLA WOMEN'S
ENGINEERING COLLEGE
BAPATLA**

(Approved by AICTE - New Delhi, Affiliated to
Acharya Nagarjuna University)

About the Programme:

To equip students with the theoretical and practical knowledge of writing high-quality research papers using Latex, a powerful and widely used document markup language in academia.

Understand the advantages of using Latex compared to word processors for research papers.

Collaboration and Version Control: Explore tools and techniques for collaborative writing and version control in Latex projects, enabling seamless teamwork and document tracking.

TOPICS:

- Contents of the program would touch upon the following aspects, to achieve the objectives:
- What is Latex? Why use Latex for research papers?
- Advantages of Latex over other word processing tools (e.g., MS Word)
- Basic Latex syntax and structure
- Formatting text (bold, italic, underline, font size, etc.)

PROGRAMME REPORT

Programme Name	One-day Seminar On "How to write a Research paper using Latex"
Resource Person	Dr. S. Murali Krishna, principal, Bomma Institute of Technology and Science, khammam. Ph. No.:9989528482
Date of Activity	10.10.2018
Organized By	Bapatla Women's Engineering College, Bapatla
Venue	New Block Room.No-323

Objectives of the programme:

To equip students with the theoretical and practical knowledge of writing high-quality research papers using Latex, a powerful and widely used document markup language in academia.

Understand the advantages of using Latex compared to word processors for research papers.

Collaboration and Version Control: Explore tools and techniques for collaborative writing and version control in Latex projects, enabling seamless teamwork and document tracking.

Advanced Techniques: Introduce advanced Latex features like bibliography management tools (Bibtex, BibLaTeX), custom styles, and automated tasks to streamline the writing process.

Increase awareness of the importance of open-source tools in academic writing and scientific communication.

Topics covered:

- What is Latex? Why use Latex for research papers?
- Advantages of Latex over other word processing tools (e.g., MS Word)
- Basic Latex syntax and structure
- Formatting text (bold, italic, underline, font size, etc.)
- Creating figures and tables
- Common Latex errors and how to fix them
- Online resources for Latex tutorials, documentation, and forums

Outcomes of programme:

The seminar successfully achieved its objectives and resulted in the following positive outcomes:

Increased understanding of Latex: Pre- and post-seminar assessments revealed a significant rise in students' comprehension of Latex syntax, commands, and functionalities.

Proficiency in paper structure and formatting: Participants demonstrated improved skills in structuring research papers, formatting text, equations, figures, tables, and references using appropriate Latex commands and packages.

Improved research productivity and efficiency: Participants learned to leverage Latex features like bibliography management and automated tasks to save time and focus on research content.

Introduction to open-source tools: The seminar exposed participants to the open-source nature of Latex and its advantages for academic work.

On 10.10.2018 from our college students and faculties have participated in the How to write a Research paper using Latex.

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering

VISION:

Bapatla Women's Engineering College has been established with forethought to organize the growing needs of higher technical education for WOMEN in order to provide them a competitive edge and a unique niche in the society. We at BWEC are determined to create conducive environment with update technology inputs and latest information to facilitate the Students with a pleasant feel in acquiring knowledge skills required to make them globally competitive technocrats.

MISSION:

M1: Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.

M2: We continuously try to maintain high standards so as to make them technologically competent ethically strong individuals whose shall be able to improve the quality of life and economy of our country.

ABOUT R&D Cell:

Bapatla Women's Engineering College is now focusing more on Research Programs and need-based technology. Accordingly, an independent R&D Cell has been established in the year ----to promote and monitor the research Programs of the college. The R&D cell has an advisory board with senior faculty members from Our Organisation.

The objective of R & D Cell is to promote research activities among students and faculty as well as to provide a robust platform for sharing and implementing innovative and creative ideas to facilitate the exchange of information and interaction among the various research institutes and industries to develop skilled manpower in various engineering fields.

ABOUT THE PROGRAMME:

Beyond looking for specific technical skills when hiring for a role, employers typically seek qualities such as how candidates manage their time, collaborate with others, and think critically about problems. These are known as employability skills, and they're highly valued because they can bolster your technical know-how and overall impact. In building this list, we looked at reports forecasting important non-technical skills from Pearson, the World Economic Forum, and McKinsey

PROGRAM OBJECTIVES:

- ❖ To create awareness among students to improve the ability to convey innovative ideas and information to colleagues and superiors.
- ❖ To empower the youth with required skills that enables their employment in corresponding sectors and improve the productivity.
- ❖ To provide individuals with the information needed for self-development and self-exploration.

TOPICS COVERED:

- Development of self-confidence, self-motivation and skill enhancement.
- Improvement in the ability to communicate clearly.
- Career selection and Entrepreneurship.

PROGRAMME REPORT

ProgrammeName	A One Day Awareness Programme on Developing Effective Communication Skills for a Better Employability
Resource Person	Dr.B.RajaSekhar, Chairman, IETE, Vijayawada Center
Date of Activity	13-10-2018
Organized By	ECE Dept., Bapatla Women's Engineering College, Bapatla
Venue	Conference Hall-New Block

Objectives of the Programme

- To create awareness among students regarding improvement in the ability to convey innovative ideas and information to colleagues and superiors.
- To empower the youth with required skills that enables their employment in corresponding sectors and improve the productivity.
- To provide individuals with the information needed for self-development and self-exploration.

Topics Covered

- Development of self-confidence, self-motivation and skill enhancement.
- Improvement in the ability to communicate clearly.
- Career selection and Entrepreneurship.

Dr.G.Srinivasarao creating awareness on Effective Communication Skills for a Better Employability

Outcomes of the Programme:

- Provided participants a thorough overview of the communication process.
- Offered suggestions for improving communication skills and self-skills.
- Clarity about Career selection and Entrepreneurship.

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 disciplines of Electrical & Electronics Engineering, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering college has been established with forethought to organize the growing needs of higher technical education for women, in order to provide them a competitive edge and a unique niche in the society

We at BWEC are determined to create a conducive environment with updated technological inputs and latest information to facilitate the students with a pleasant feel in acquiring knowledge and skills required to make them globally competitive technocrats

MISSION:

- Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.
- We continuously try to maintain high standards so has to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT THE DEPARTMENT:

The ECE department was established in the year 2009 with 60 intakes, now it increases to 120. Department has highly qualified and experienced faculty members provide excellent instruction and supervision to the Students. Department has good state of art laboratories are equipped. It emphasizes teaching and research in the

areas of design, study, and testing of electronic equipment as well as technological concerns pertaining to computer systems, electronics, and other related industrial fields as well as telecommunications systems.

VISION:

To be recognized by the society at large as a full fledged department, offering quality higher education in the Electronics and Communication Engineering field with research focus catering to the needs of the public and staying in tune with the advancing technological revolution and challenging cultural changes.

MISSION:

- ❖ To provide Quality education in the field of Electronics and Communication Engineering through the learning of ethics to its students
- ❖ To create sound technocrats in professional engineering leading them towards growth and development promoting the academic research & development
- ❖ To showcase adaptability in fields of technical knowledge through the academic infrastructure based on state of the art along with industry based training
- ❖ Promote the establishment of centres of excellence in niche technology areas to nurture the spirit of innovation and creativity among faculty and students
- ❖ Enable students to develop skills to solve complex technological problems of current times and also provide a framework for promoting collaborative and multidisciplinary activities.

ABOUT THE PROGRAM:

The journey to research is a dynamic and multifaceted process that begins with a spark of curiosity and exploration.

As one delves into the subject matter, a foundation of background knowledge is established through extensive literature reviews and an understanding of the broader context within the chosen field. The pivotal step of defining a clear research question follows, guiding the subsequent development of a robust methodology for data collection and analysis.

OBJECTIVES OF THE PROGRAMME:

- To motivate the students by sharing real-life experiences and journeys of successful researchers.
- To know the different paths and approaches to enter into the field of research.
- To know how to improve networking opportunities among students .

TOPICS COVERED:

- Introduction to Research.
- Choosing a Research Path.
- Building Skills for Research.
- Research Opportunities.
- Balancing Life and Research

PROGRAM OUTCOMES:

The student who successfully completes this course will be able to:

- Enhanced understanding of different paths available in research.
- Gained awareness on available resources and network opportunities.

PROGRAMME REPORT

Programme Name	A One day seminar on "A Journey to the Research".
Resource Person	Mrs.T.Sai Lakshmi, Asst.Prof, CSE Department, Bapatla Art's & Science college, Bapatla.
Date of Activity	03/11/2018.
Organized By	ECE Department, Bapatla Women's Engineering College, Bapatla
Venue	N-306

Objectives of the programme:

- To motivate the students by sharing real-life experiences and journeys of successful researchers.
- To know the different paths and approaches to enter into the field of research.
- To know how to improve networking opportunities among students .

Topics covered:

- Introduction to Research.
- Choosing a Research Path.
- Building Skills for Research.
- Research Opportunities.
- Balancing Life and Research.

**BAPATLA WOMEN'S ENGINEERING
COLLEGE:: BAPATLA**

(Approved by AICTE –New Delhi,

Affiliated to Acharya Nagarjuna University)

About the Institution :

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The College is located in Bapatla, a town with a historic and hoary past, about 75 Km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programmes in 3 faculties of Engineering- Computer Science & Engineering, Electronics & Communication Engineering and Electrical & Electronics Engineering.

About the Department :

The Department was established in the year 2009 with the aim to develop engineers to face the future challenges in technical and scientific fields. The department has well equipped physics, chemistry laboratories and English communication skills lab. Also it has excellent and experienced staff and skilled lab technicians. The department provides good learning environment to the students.

Objectives of the Programme:

- To enhance the knowledge of students through proper communication.
- Speak clearly on a specific topic using proper grammatical structures & correct word forms.
- To enhance employability skills.

TOPICS:

- Importance of English.
- How to develop communication through English.
- Impact of English language skills on job opportunities.
- English in education and academia

BAPATLA-522101, Guntur (Dist), A.P.

(Sponsored by The Bapatla Education Society)

Approved by AICTE-New Delhi, Affiliated to Acharya Nagarjuna University

PROGRAMME REPORT

Date: 10-12-2018

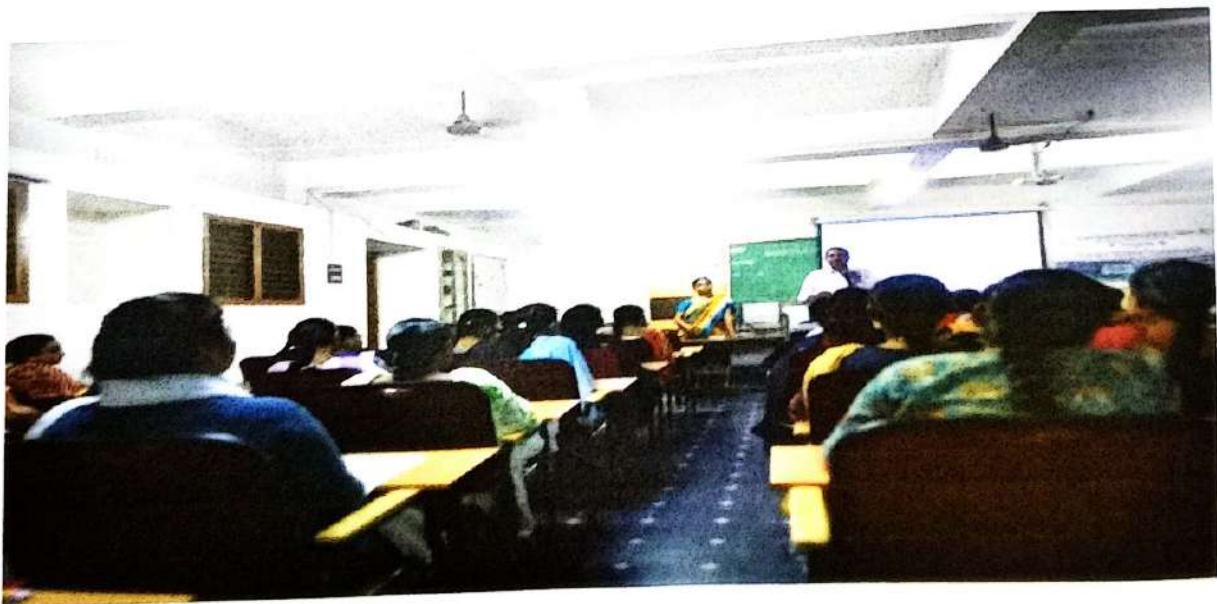

ProgrammeName	A One Day Seminar on "English is the right platform to develop communication."
Resource Person	Dr. Ramavajhala Obuleswara Sarma, Communication trainer.
Date of Activity	10-12-2018
Organized By	Dept of S&H, Bapatla Women's Engineering College, Bapatla
Venue	Conference Hall-New Block

Objectives of the Programme

- To enhance the knowledge of students through proper communication.
- Speak clearly on a specific topic using proper grammatical structures & correct word forms.
- To enhance employability skills.

Topics Covered

- Importance of English.
- How to develop communication through English.

Resource Person : Dr.Ramavajhala Obuleswara Sarma

Outcomes of the Programme:

- Participants learnt how to apply ethical principles.
- Awareness about communication skills.
- Communicate effectively among engineering community
- Recognize the need for and have the preparation and ability to engage in independent and life-long learning .

ABOUT THE COLLEGE:

The Bapatla Women's Engineering College, one of the seven educational institutions sponsored by the Bapatla Education Society, was established in 2009 with a vision to impart quality technical education and is affiliated to Acharya Nagarjuna University. The college is located in Bapatla, a town with a historic and hoary past, about 75km. south of Vijayawada on Chennai-Vijayawada rail route. The college offers B.Tech. Programs in 3 faculties of Artificial Intelligence and Machine Learning, Computer Science & Engineering, Electronics and Communication Engineering.

VISION:

Bapatla Women's Engineering College has been established with forethought to organize the growing needs of higher technical education for WOMEN in order to provide them a competitive edge and a unique niche in the society. We at BWEC are determined to create a conducive environment with updated technology inputs and latest information to facilitate the Students with a pleasant feel in acquiring knowledge skills required to make them globally competitive technocrats.

MISSION:

M1: Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.

M2: We continuously try to maintain high standards so as to make them technologically competent ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT ECE DEPARTMENT:

The ECE department was established in the year 2009 with 60 intakes, now it increases to 120. Department has highly qualified and experienced faculty members provide excellent instruction and supervision to the Students. Department has good state of art laboratories are equipped. It emphasizes teaching and research in the areas of design, study, and testing of electronic equipment as well as technological concerns pertaining to computer systems, electronics, and other related industrial fields as well as telecommunications system.

VISION:

To be recognized by the society at large as a full fledged department, offering quality higher education in the Electronics and Communication Engineering field with research focus catering to the needs of the public and staying in tune with the advancing technological revolution and challenging cultural changes.

MISSION:

❖ To provide Quality education in the field of Electronics and Communication Engineering through the learning of ethics to its students

❖ To create sound technocrats in professional engineering leading them towards growth and development promoting the academic research & development

❖ To showcase adaptability in fields of technical knowledge through the academic infrastructure based on state of the art along with industry based training

❖ Promote the establishment of centres of excellence in niche technology areas to nurture the spirit of innovation and creativity among faculty and students

- ❖ Enable students to develop skills to solve complex technological problems of current times and also provide a framework for promoting collaborative and multidisciplinary activities.

ABOUT THE PROGRAM:

- By fostering a conducive environment for innovation and protecting intellectual property
- The "Make in India" initiative seeks to attract investment, technology transfer, and promote the growth of indigenous industries, ultimately contributing to India's economic development.

OBJECTIVES:

- ❖ To Make in India Initiative
- ❖ To Encourage innovation through patents
- ❖ To provide knowledge on copyright and creative industries

TOPICS COVERED:

- The Make in India with a focus on intellectual property rights (IPR) aimed to explore the intersection of manufacturing growth and the protection of intellectual property.
- The make in India Initiative, launched to boost domestic manufacturing, necessitates a robust understanding of IPR to foster innovation and safeguard the rights of creator.

MISSION:

- Our mission is to impart the quality education at par with global standards to the students from all over the India and in particular those from the local and rural areas.
- We continuously try to maintain high standards so as to make them technologically competent ethically strong individuals who shall be able to improve the quality of life and economy of our country.

ABOUT ECE DEPARTMENT:

The ECE department was established in the year 2009 with 60 intakes, now it increases to 120. Department has highly qualified and experienced faculty members provide excellent instruction and supervision to the Students.

Department has good state of art laboratories are equipped. It emphasizes teaching and research in the areas of design, study, and testing of electronic equipment as well as technological concerns pertaining to computer systems, electronics, and other related industrial fields as well as telecommunications systems.

VISION:

To be recognized by the society at large as a full fledged department, offering quality higher education in the Electronics and Communication Engineering field with research focus catering to the needs of the public and staying in tune with the advancing technological revolution and challenging cultural changes.

MISSION:

❖ To provide Quality education in the field of Electronics and Communication Engineering through the learning of ethics to its students

❖ To create sound technocrats in professional engineering leading them towards growth and development promoting the academic research & development

❖ To showcase adaptability in fields of technical knowledge through the academic infrastructure based on state of the art along with industry based training

❖ Promote the establishment of centres of excellence in niche technology areas to nurture the spirit of innovation and creativity among faculty and students

❖ Enable students to develop skills to solve complex technological problems of current times and also provide a framework for promoting collaborative and multidisciplinary activities.

ABOUT THE PROGRAM:

Research methodology is a way of explaining how a researcher intends to carry out their research.

It's a logical, systematic plan to resolve a research problem. A methodology details a researcher's approach to the research to ensure reliable, valid results that address their aims and objectives. It encompasses what data they're going to collect and where from, as well as how it's being collected and analyzed

OBJECTIVES OF THE PROGRAM:

- ❖ To keep researchers on track, making the process smooth, effective and manageable.
- ❖ To establish a frame work by setting up structured approach for investigating a problem or answer are search question.
- ❖ To select appropriate methods, tools and techniques for data collection, analysis, and interpretation.

TOPICS COVERED:

- ❖ **Research design:** Selection and implementation of appropriate research designs (qualitative, quantitative, mixed-methods).
- ❖ **Data collection:** Methods such as surveys, interviews, experiments, observations.
- ❖ **Data analysis:** Techniques like statistical analysis, content analysis etc.
- ❖ **Ethical considerations:** Ensuring research complies with ethical standards.

OUTCOMES OF THE PROGRAMME:

- ❖ Understand the basics in research methodology and how to apply them in research/ project work.
- ❖ Understand the selection of an appropriate research design.
- ❖ Development of skills in qualitative and quantitative data analysis and presentation.

PROGRAMME REPORT

Programme Name	A one day seminar on "Research Methodologies" .
Resource Person	Mrs. D. Urlamma, Asst. Prof, CSE Department, V.N.R College of Engineering, Ponnur.
Date of Activity	16-02-2019
Organized By	ECE Dept, Bapatla Women's Engineering College, Bapatla
Venue	N-306

Objectives of the programme:

- To keep researchers on track, making the process smooth, effective and manageable.
- To establish a frame work by setting up structured approach for investigating a problem or answer are search question.
- To select appropriate methods, tools and techniques for data collection,analysis, and interpretation.

Topics covered:

- **Research design:** Selection and implementation of appropriate research designs (qualitative, quantitative, mixed-methods).
- **Data collection:** Methods such as surveys interviews, experiments, observations.
- **Data analysis:** Techniques like statistical analysis, content analysis etc.
- **Ethical considerations:** Ensuring research complies with ethical standards.

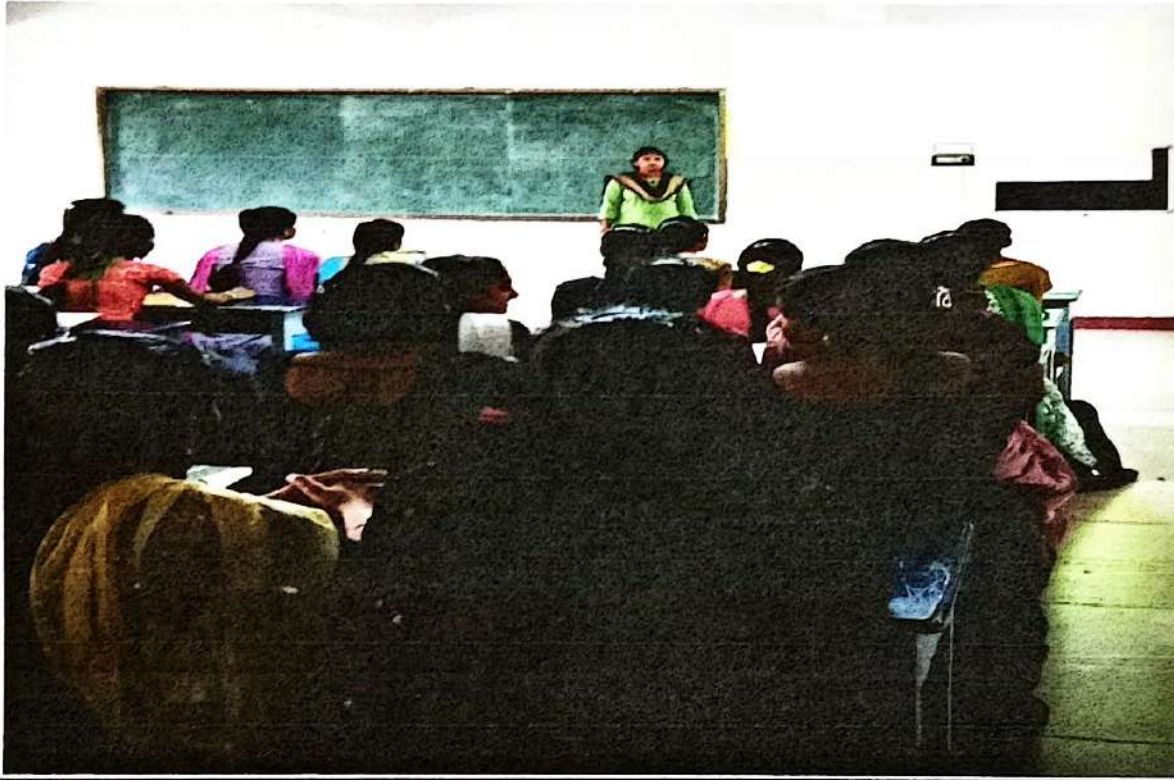

(ESTD.2009)

Bapatla Women's Engineering College

BAPATLA-522101.Guntur (Dist,),A.P.

(Sponsored by The Bapatla Education Society)

Approved by AICTE – NewDelhi, Affiliated to Acharya Nagarjuna University

Mrs. D. Urlamma shares knowledge regarding “Research Methodologies”.

Outcomes of programme:

- Understand the basics in research methodology and how to apply them in research/ project work.
- Understand the selection of an appropriate research design.
- Development of skills in qualitative and quantitative data analysis and presentation.
